Motion was made, seconded and carried that the following resolution be adopted:

LAMP POST DECLARATORY IMPROVEMENT RESOLUTION NO. 69 - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve both sides of Sherwood Terrace from Calhoun Street to Buell Drive, by installing and constructing, complete, a System of [illegible] posts, using Fort Wayne Standard, design Number Twenty-six (26), to be operated by electricity, all in accordance with the profile, details, drawings and specifications attached hereto and such improvement is now ordered.

The total cost of said improvement, including posts at street intersections with the exception of two (2) posts, designated as "Posts D" and located at Calhoun Street and Sherwood Terrace, shall be assessed upon the real estate abutting on said Sherwood Terrace, as above described, all according to the method and manner provided for in an Act "providing for the construction, erection and installation of the street lamps and lamp posts along the curb line of city streets, providing for the operation and maintenance of the same, creating a lien upon real estate, repealing all laws and parts of laws in conflict herewith and declaring an emergency" approved March 10, 1925, also an Act of the General Assembly of the State of Indiana, approved March 14, 1929, and the provisions of all acts therein referred to, and all acts amendatory thereto or supplemental thereof.

Assessment will become due and payable thirty (30) days after the final acceptance of the work, or property owners, by signing waivers before the expiration of said thirty (30) days, agreeing that in consideration of the privilege of paying in installments, they will make no objections to the illegality or irregularity with regard to the assessment against their property and will pay the same as required by law, with specified interest and filing the same within said time in the office of the Department of Finance, may pay their assessments in ten (10) equal annual installments, the first at the regular tax paying time and the remainder to be paid in nine equal annual installments, with interest at the rate of five (5) per cent per annum from the expiration of said thirty (30) days. Under no circumstance or circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums for the work hereunder, on account of the invalidity of the assessments or the proceedings hereunder, either by reason or irregularity in any of the proceedings or by reason or absence of want of power and law herein, except for such moneys as shall have been actually received by the City of Fort Wayne from the assessments for such improvement.

Motion was made, seconded and carried that Notice to Property-Owners of the adoption of Lamp Post Declaratory Improvement Resolution Number 69 - 1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 14th and 21st days of October, 1939, and that Thursday, the 2nd day of November 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutio also a date and time when it will consider confirming the same.

The Board then upon motion adjourned.

Arthur M. Paulison, Manager Public Relations, I.S.C.
Von Livingston, Chicago, Legal Representative, I.S.C.

The meeting was called to order by Robert G. Beams, Chairman.

Motion was made, seconded and carried that the hearing on the franchise be held in the Council Chamber.

Mr. Beams stated that the meeting was being held for the purpose of hearing any objections to the franchise.

Proof of Publication was read by Walter E. Helmke, City Attorney who stated that same was properly executed and the location of public notices designated.

H. B. Grafmiller, Attorney, spoke concerning the east end route, wanting it extended four blocks farther east.

Mr. A. C. Pence spoke about a change of routing in the east end, and presented a petition.

Mr. Franklin T. Rhodes of the Southeast Community Association, spoke concerning a further extension of the route in the east end of the city.

Mr. William Karbach of the Lafayette Improvement Association asked that the south car line be run to Pettit Avenue and that the Calhoun car run to the Transfer corner, instead of stopping at Jefferson and Calhoun Streets.

Marry M. McMillen, Councilman, presented a petition, providing for the moving of the bus from Purdue Drive and asking that the bus be extended three blocks north of the route on Wells Street.

Mr. Beams stated that the franchise did not preclude any extension, that it is in its present form merely a start.

Mr. Oscar Riley of the East side association spoke, asking that the route be extended to Roy Street.

Mr. F. A. Jeffrey, representing 53 families in Highland Park, asked that the route be extended to Cumberland Avenue.

Mr. Charles Switzer talked concerning Highland Park.

Arno Spiegel, Councilman, talked concerning the community between Clinton Street and Parnell Avenue, north of State Boulevard.

Frank A. Emrick, Attorney, spoke concerning the northeast section, asking that the routes be extended to that section.

Mr. John H. Craig of the Northeast section asked for information on granting a petition for the extension of the route, after the granting of the franchise.

Mr. Arthur Lenz of the Northeast Association protested against the abandoning of the short line in the Northeast section.

Mr. C. A. Campbell of the Northwest section of town protested against the cutting off of the Northwest bus.

Mr. Howard Anderson on Taylor Street, asked for consideration for the West side of the city.

George Kowalczyk, Attorney, made reference to Section 2 of the contract and Section 10 of the contract in regard to franchise cost.

Mr. Clarence Clark, on Taylor Street requested the route maintained.

Mr. O. A. Nicloy talked concerning the Centlivre short line.

Mr. William Oliger of the Northeast section requested the route be continued on No. 13.

Mr. Edward Harsch of the North section of the city also spoke on No. 13.

Mr. E. J. Ward spoke of the situation on Taylor Street.

W. Marshall Dale, President and General Manager of the Indiana Service Corporation explained the present proposed route, stating that this was just the first step toward a complete service in the trolley and bus line for the city and at the present time they have 28 trolley coaches and seven gas busses.

John McKay, Railroad Manager of the Indiana Service Corporation, voiced himself in regard to the franchise.

Mr. C. A. Campbell inquired if the old franchise is still in effect. Mr. Helmke informed him that all old franchises go back to the City.

Mr. Dale answered the question raised by Mr. Kowalczyk, Attorney, concerning the mile franchise cost, explaining that it was set at $233.00 per mile per year.

After due consideration of the aforesaid petitions, presented by Mr. Harry M. McMillen and A. C. Pense, motion was made, seconded and carried that the same be placed on file.

The following communications were received from The Riverside Parent Teachers Association, Art Lens, Mr. and Mrs. Harry Neusbaum, Mr. and Mrs. A. J. Fiedler, Mr. and Mrs. E. Harsch and Mr. and Mrs. V. King, with reference to the proposed routes. After due consideration, motion was made, seconded and carried that the same be placed on file.

Motion was made, seconded and carried that the following Confirmatory Resolution be approved and adopted:

CONFIRMATORY RESOLUTION NO. 715 - 1939

WHEREAS, the Board of Public Works of the City of Fort Wayne, Allen County, Indiana, at a meeting of said Board of Public Works, did determine the exact form in which a contract to and with Indiana Service Corporation giving said Corporation the right to locate, conduct, operate and maintain trackless trolley cars and motor buses over and along certain streets and other public places in the City of Fort Wayne, was to be finally adopted, and fixed the 30th day of October, 1939, at the hour of 7:30 o'clock, P.M., at the regular meeting place of said Board of Public Works in the City Hall in said City, as the time and place at which said contract was to be finally considered by said Board of Public Works; and

WHEREAS, proof of publication of the full and complete text of said proposed contract, in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette, respectively, on the 12th day of October, 1939 and the 19th day of October,1939, being two daily newspapers of general circulation printed in the English language in said Allen County, Indiana, and proof of the posting of notice of the full and complete text of said proposed contract in ten public places within the said City of Fort Wayne, on the 12th day of October, 1939, has been duly made, and all of the terms and provisions of the statutes of the State of Indiana have been fully complied with; and

WHEREAS, at this meeting of the Board of Public Works of the City of Fort Wayne, held on the 30th day of October, 1939, commencing at the hour of 7:30 o'clock, P. M., a public hearing was had on said contract, and the protests, remonstrances, and arguments of all taxpayers of said City and their attorneys who appeared and made and filed protests against any or all of the provisions of said contract were duly heard and fully considered, and after consideration thereof were overruled, and it is now, on motion made and seconded:

RESOLVED, that the Board of Public Works of the City of Fort Wayne, now enter into, make and execute the said contract to and with Indiana Service Corporation in the manner and form proposed by this Board of Public Works at its meeting on the 11th day of October, 1939, as it appears in the records of said meeting.

Adopted this 30th day of October, 1939.

Room 101, City Hall,
Fort Wayne, Indiana,
Tuesday, October 31, 1939,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: Robert G. Beams, David Lewis, John H. Johnson,
Charles F. Hess, Secretary.

Motion was made, seconded and carried that the application of Fred H. Kanning, to construct sidewalk at 1108 South Calhoun Street be granted.

Motion was made, seconded and carried that the application of Lee Adams to replace sidewalk at 2216 Lawndale Drive, be granted.

Motion was made, seconded and carried that the application of Charles Houser to construct sidewalk at the corner of Penn Avenue and Leo Road be granted.

A petition, providing for the opening and extending of the first alley south of Main Street from Mechanic Street to a point approximately two hundred sixty-two and one-half feet west of Mechanic Street, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans for the same.

In the matter of Local Sewer Improvement Resolution Number **483**-1938, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer in and along the alley between Chestnut Street and New Haven Avenue from Birchwood Avenue to Fleetwood Avenue, motion was made, seconded and carried that all action previously taken in the matter of the aforesaid resolutin Number **483**-1938, be be RESCINDED.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer in and along the alley between Chestnut Street and New Haven Avenue from Birchwood Avenue to Holly Avenue, as more fully set out in Local Sewer Improvement Resolution Number **494**-1939, which plans, specifications and estimate were upon motion **approved:**

Motion was then made, seconded and carried that the following resolution be **adopted:**

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER **494** - 1939

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not included or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Chestnut Street and New Haven Avenue from Birchwood Avenue to Holly Avenue. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of said improvement shall be apportioned against and apid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof

Assessments, if deferred, are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 494-1939, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 2nd and 9th days of November, 1939, and that Tuesday, the 21st day of November 1939, at 10:00 o'clock A. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

Tuesday, November 14, 1939,
SPECIAL MEETING held at 1:45 o'clock P. M.

PRESENT

Robert G. Beams, Chairman of Board of Public Works,
David Lewis, Member Board of Public Works,
John H. Johnson, Member Board of Public Works,
Charles F. Hess, Secretary Board of Public Works,
Chauncey R. McAnlis, City Engineer,
M. R. Keefe, Chief Engineer, State Highway Commission of Indiana,
Fred Kellam, Engineer of Design, State Highway Commission of Indiana.

Acting on the request of the Board of Public Works that a study of the problem of Nickel Plate Track Elevation in the City of Fort Wayne, be made by the State Highway Commission of the State of Indiana in order that the State, County and City might proceed to eliminate Nickel Plate crossings at grade, in accordance with an Act passed by the State Legislature, Mr. M. R. Keefe and Mr. Fred Kellam, representatives from the State Highway Commission met with the Board to discuss the New York Central and St. Louis Railroad (Nickel Plate) problem.

Preliminary plans and estimates with various physical features were discussed. The Board loaned a blue print of the railroad's plan of elevation with estimates of cost to the State Highway Commission. Various data relating to width of streets and widths of pavements were given the Highway Commission by the City Engineer, together with a city map. These data were requested by the Highway Commission for further study of the problem.

The Board then upon motion adjourned.

H. M. Weigand Company,	12 ft. cut and 8 ft. drive at 1628 Schilling Avenue.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Street Improvement Resolution Number 3308-1939, which provides for the improving of Horace Street from the east property line of John Street to the west property line of Gay Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 33 1/3% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3309-1939, which provides for the improving of the alley between Archer Avenue and Greenlawn Avenue from the west property line of Short Street to the east property line of Hensch Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 46.7% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3310 - which provides for the improving of the alley between Arlington Avenue and South Wayne Avenue from the north property line of the first alley south of Oakdale Drive to the north property line of Rudisill Boulevard;
3311 - which provides for the improving of the alley between Butler Street and DeWald Street from the east property line of Barr Street to the west property line of the first alley west of Lafayette Street;
3312 - which provides for the improving of the first alley west of Lafayette Street from the south property line of Butler Street to the north property line of DeWald Street;
3313 - which provides for the improving of the first alley east of Lafayette Street from the south property line of DeWald Street to the north property line of Creighton Avenue;
3314 - which provides for the improving of the alley between Williams Street and Butler Street from the west property line of Harrison Street to the east property line of Webster Street;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, weconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Wednesday, the 29th day of November, 1939, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforesaid resolutions Numbered 3308, 3309, 3310, 3311, 3312, 3313 and 3314, and also that Thursday, the 30th day of November, 1939, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered 3302, which provides for the improving of the alley between Lasselle Street and Buchanan Street from Lafayette Street to Warsaw Street; also the alley between Lafayette Street and Warsaw Street from the south property line of Lasselle Street to the north property line of Buchanan Street; also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under the aforementioned resolution, which assessment roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolution be finally accepted and the assessment roll CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 2, P.W.A. Docket No. Ind. 1081-F of CHARLES R. In accordance with your request we are handing you herewith grant of permanent easement through the 20 ft. strip paralleling the Maumee River, being a part of the tract of ground owned by us and lying directly east of the east City line and north of the Maumee River.

We are also consenting to the temporary use by the City of all our property between the proposed center line of the sewer referred to in the enclosed grant of easement and the Maumee River and the strip of property 40 ft. in width, north of, immediate to, and parallel to such center line, to be used by you in connection with the construction of the proposed sewer until its completion, which, however, shall not be later than June 15, 1940.

This grant of easement and temporary license for use is given upon the understanding and condition that the sewer is to be constructed in accordance with the contract of installation now being let by the City of Fort Wayne, showing an average depth of the sewer of approximately 14-1/2 ft. below the present level of the ground, and the construction of a 42 inch reinforced drainage outlet for the existing natural drainage of the above mentioned tract owned by us; and upon the further understanding that you will cause the contractor installing this sewer to place all surplus dirt along the line of the proposed dike and will also cause the contractor installing the Clinton Street sewer to deliver a substantial part of the surplus dirt resulting from the construction of that sewer, along the line of the proposed dike if the condition of the ground permits hauling such dirt along such line, otherwise such dirt to be piled in the southwest corner of our tract; the placing of all such dirt to be without cost to us. The location of the dike is shown on the plan heretofore prepared by your engineers, Charles W. Cole & Son.

It is also understood that the allowance of damages heretofore granted us in the amount of Four Thousand Dollars ($4,000) pursuant to Declaratory Resolution No. 708-1938, will be paid to us immediately.

GRANT OF EASEMENT

THIS INDENTURE, Made between ALLEN HAMILTON and JESSIE HAMILTON, TRUSTEES, of Allen County, in the State of Indiana, as grantors, and CITY OF FORT WAYNE, located in Allen County, State of Indiana, as grantee, WITNESSETH, That:

WHEREAS, the grantors above named are the owners of a tract of land in Allen County, Indiana, lying directly east of the limits of the City of Fort Wayne, extending from the north bank of the Maumee River north to the south line of Lake Avenue and having a frontage on the said Lake Avenue of approximately ten hundred fifty-seven (1057) feet; and

WHEREAS, the grantee above named desires to secure an easement for the construction and maintenance of a sewer through the above described tract and along the bank of the said Maumee River:

NOW THEREFORE, the said Allen Hamilton and Jessie Hamilton, Trustees, do hereby grant, sell, bargain and convey to CITY OF FORT WAYNE, located in Allen County, in the State of Indiana, for and in consideration of ONE DOLLAR ($1.00) receipt whereof is hereby acknowledged, an easement and right-of-way in and over the following described premises in Allen County, State of Indiana:

> A strip of land twenty (20) feet in width, the center line of which is described as follows:
> Beginning at a point on the east property line of the Hamilton Tract two thousand two hundred thirty-eight and twenty-seven hundredths (2238.27) feet south of the north-east corner of said tract, thence south eighty-nine (89) degrees and seven (7) minutes west a distance of three hundred ninety-one and eight tenths (391.8) feet, thence south eighty-three (83) degrees and twenty-eight (28) minutes west a distance of seven hundred forty-nine and two tenths (749.2) feet to the center point of a manhole on the existing twenty-four (24) inch sanitary outfall sewer.

To be used by the said City for the construction, operation and maintenance of a sewer line under the surface of the ground, and the grantee of said easement is fully authorized and empowered to enter upon the above described premises at any time for the purpose of constructing, maintaining or repairing its said line of sewer.

The grantors herein reserve to themselves, their heirs, executors, administrators, grantees and assigns the right to enter upon, erect, maintain and repair a dike upon and over the real estate through which the above easement is granted; but this reservation shall not be construed as imposing any duty or obligation upon the grantors herein, their heirs, administrators, executors, grantees and assigns to erect or maintain such dike.

IN WITNESS WHEREOF, the said grantors have hereunto set their hands and seals this 28th day of December, 1939.

That the Contractor covenants and agrees to construct, erect and install a system of ornamental lights and posts using Fort Wayne Standards, Design Number 26 on both sides of Sherwood Terrace from Calhoun Street to Buell Drive, designated and described in a petition now on file in the office of the Board of Public Works of said City, signed by the owners of at least seventy-five (75) per cent of the real estate fronting and abutting upon said street in said designated blocks, in all things in accordance with Lamp Post Declaratory Resolution Number 69 - 1939, and in all things in further accordance with Waiver filed by certain of the resident free-holders along the line of the aforementioned Sherwood Terrace from Calhoun Street to Buell Drive, and in accordance with the drawings, plans and specifications, of the proposed system of lights and posts, adopted therefor by said Board of Public Works, and the Contractor's Bid therefore, together with blue print filed with said bid and made a part of this contract as attached hereto, copies of which said plans and specifications and resolution are attached hereto and made a part of this contract, as fully and effectually as if copied herein at full length at and for the price of Three Thousand Five Hundred Ninety-eight ($3,598.00) Dollars, and to complete in all respects said work within sixty (60) days from date hereof.

It is further agreed that the said Contractor shall not assign this contract or any interest herein without the written consent of the Board of Public Works.

It is further understood that time is the essence of this contract and in case said work is not completed within said sixty (60) days, the Contractor expressly covenants and agrees to pay as liquidated damages for delay Ten ($10.00) Dollars for each and every day that said work remains uncompleted after the said sixty (60) days until said work is finally conpleted and ready for acceptance by said City.

It is further agreed by and between said parties that the acceptance of the work provided for in this contract, or the payment therefor, for the whole part, or part, shall not constitute a Waiver on the part of the City of any of the provisions of the Contract, nor shall it release said Contractor or the sureties upon its bond for the faithful performance therefor, nor shall the acceptance by even prima facie evidence of the performance of any provisions of such contract except to the extent of entitling said Contractor to receive the price therefor. It is further agreed and understood that the failure of the City of Fort Wayne, to exercise its right of inspections or rejection of material and work, or the exercises of such right shall not in any sense be considered an acceptance of any part of said work or material.

The Contractor further contracts and agrees that in the prosecution of said work all proper skill and care will be exercised, that said Contractor will properly and fully guard all excavations and dangerous places and will use all due and proper precautions to prevent injury to any property or persons, what or whomsoever. That, for and during the period of the making of such improvement and until the final acceptance of said work by said City, the City shall be saved harmless from any and all liability whatsoever, growing out of any injury or damage to property or persons, because of any neglect or fault of the said Contractors, their agents or employees, in the execution of this contract, or any matters connected therewith or related thereto and to pay any judgment with costs which may be obtained against the said City, growing out of any injury or damage.

The Contractor also will furnish immediately a certificate from the Industrial Board of the State of Indiana, certifying that he has complied with Sections 5, 68 and 69 of the Workmen's Compensation Act in accordance with Section 14 of the Compensation Act approved March 14, 1929.

RESOLUTION

AUTHORIZING CONTRACT CHANGE NO. 1
CITY OF FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F
DIVISION "C" CONTRACT NO. 14

BE IT RESOLVED BY THE Board of Public Works acting for and in behalf of the City of Fort Wayne State of Indiana hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and Charles R. Wermuth & Son, Inc., the Contractor for work to be done under the contract for the Sewage Treatment Plant, Division "C" Contract No. 14 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects.

    1. Change reinforcing steel in the bottom slabs of the four (4) sludge digestion tanks, as shown on drawing No. 64.

        (a) In the top layer of steel, each alternate 7/8" round bar is to be changed from 44' 0" to 48' 0" long.

        (b) In the bottom layer of steel, each alternate 5/8" round bar is to be changed from 44' 0" long to 48' 0" long.

        (c) At the center of each of the tanks, add two (2) 5/8" round bars 6' o" long and two (2) 7/8" round bars 8' o" long.

    2. Place additional reinforcing steel in 48" and 60" concrete sewer pipe.

    3. Change the cast iron floor drains at elevation 80 and the cast iron floor drains in the shower bath at elevation 80 to drains with brass top plates and screws.

    4. Add 36 additional 4" bronze faced cast iron flap valves, wall castings, and provide stone pockets on the outside wall at the flap valves, as shown on revised drawing No. 61-A (dated 10/9/39).

    5. Furnish and install oil dash pot check valves in the waste sludge lines from the sludge pumps, in lieu of the standard counter-balanced check valves specified.

    6. Change 3/8" round reinforcing bars for transformer slab on section 22, sheet No. 44 to 1/2" round reinforcing bars.

    7. Furnish and install three (3) additional 6" drains in the aeration tanks to the 14" main drain.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $1,874.27 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution passed on the 16th day of January, 1940.

RESOLUTION

AUTHORIZING CONTRACT CHANGE No. 2
CITY OF FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F
DIVISION "C" CONTRACT NO. 14

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and Charles R. Wermuth & Son, Inc., the Contractor for work to be done under the contract for the Sewage Treatment Plant, Division "C" Contract No. 14 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects.

Construct approximately fourteen hundred and forty (1440) lineal feet of thirty (30) inch pipe sewer from station 19 + 00 to station 33 + 50.00 of the Harvester Sewer extending through the sludge drying beds at the Sewage Treatment Plant site, consisting of thirty (30) inch sewer, manholes, ten (10) inch cast iron pipe line, connecting pit and appurtenances, as shown on the attached drawings, Sheets No.1 and 2.

By reason of this change the City hereby agrees to grant the Contractor an extension of time of twenty-one (21) calendar days, subject to final approval by the Federal Works Agency, Public Works Administration.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $12,933.55 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution passed on the 22nd day of January, 1940.

SECRETARY-CLERK

Department of Public Works,
Office of the Board,
Room 101, City Hall,
Fort Wayne, Indiana,
Tuesday, January 23, 1940,
Regular Meeting held at 10:00 o'clock A. M.

PRESENT: David Lewis, John H. Johnson,
Charles F. Hess, Secretary.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Thursday, January 18, 1940, at 7:30 o'clock P. M., stand approved.

The Sewer Project Attorney, Lloyd S. Hartzler, now submitted plans and resolution for the condemnation of a right-of-way for intercepting sewer purposes across, through and under the following described real estate, to-wit: Beginning at a point on the west property line of Sub 1 of lot number one (1) in Eliza Hanna Sr's Subdivision to the City of Fort Wayne, Indiana, forty-four and forty-seven hundredths feet from the Northwest corner of said lot, thence Northeasterly to a point on the north property line of said lot eighteen and ninety-five hundredths feet from the Northwest corner of said lot, as more fully set out in Declaratory Resolution Number 716-1940, which plans were upon motion approved.

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NO. 716-1940

For the condemnation of a right-of-way for intercepting sewer purposes across, through and under the following described real estate, to-wit: Beginning at a point on the west property line of Sub 1 of lot number one (1) in Eliza Hanna Sr's Subdivision to the City of Fort Wayne, Indiana, forty-four and forty-seven hundredths feet from the Northwest corner of said lot, thence Northeasterly to a point on the north property line of said lot eighteen and ninety-five hundredths feet from the Northwest corner of said lot.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn and acquire the use and fee simple title for a right of way for a temporary sewer construction easement eighty (80) feet in width and a permanent sewer easement twenty (20) feet in width, across, through and under the following described real estate, to-wit:

> Beginning at a point on the west property line of Sub 1 of lot number one (1) in Eliza Hanna Sr's Subdivision to the City of Fort Wayne, Indiana, forty-four and forty-seven hundredths feet from the Northwest corner of said lot, thence Northeasterly to a point on the north property line of said lot eighteen and ninety-five hundredths feet from the Northwest corner of said lot.

The condemnation of the right-of-way as above described to be made by condemning and appropriating for sewer right-of-way the following described real estate, to-wit:

> Beginning at a point on the west property line of Sub 1 of lot number one (1) in Eliza Hanna Sr's Subdivision to the City of Fort Wayne, Indiana, forty-four and forty-seven hundredths feet from the Northwest corner of said lot, thence Northeasterly to a point on the north property line of said lot eighteen and ninety-five hundredths feet from the Northwest corner of said lot.

All as shown by a plan of such proposed condemnation of said right-of-way now on file in the office of the Department of Public Works of said City.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, and "An Act to authorize cities and towns to construct, own, equip, operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt from taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such works by other cities, towns, and political subdivisions and charges against owners of premises therein served thereby; and declaring an emergency," approved August 17, 1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said aforementioned real estate be condemned and appropriated for intercepting sewer purposes.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described, which real estate is hereby proposed to be condemned and appropriated. That no other property is injuriously affected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the General Assembly of the State of Indiana, Special Session.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 716 - 1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 24th and 31st days of January, 1940, and that Thursday, the 15th day of February, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

Motion as made, seconded and carried that the contract for Division "A" Contract No. 18, of the Sewers and Sewage Treatment Plant Project of the City of Fort Wayne, Indiana, P.W.A. Docket, Indiana 1081-F, which provides for the construction of the Rudisill Interceptor Extensions, be submitted to the Common Council for approval, at their next regular meeting of Tuesday, January 23, 1940, at 8:00 o'clock P. M.

The Board then upon motion adjourned.

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and Gargaro Company, Inc., the Contractor for work to be done under the contract for Wayne Street Interceptor, Division "A" Contract No. 4 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects.

(a) Construct a special crossing of the fifteen (15) inch vitrified tile pipe sewer through the old sixty (60) inch Hanna Street sewer at Hanna Street and the first alley north of Wayne Street.

(b) Construct a standard catch basin at approximate station 3 + 40 in the first alley north of Wayne Street and east of Hanna Street and connect same to fifteen (15) inch vitrified tile sewer inthis alley.

(c) Construct an additional manhole at the intersection of the new fifteen (15) inch vitrified tile pipe sewer with the existing twelve (12) inch vitrified tile pipe sewer at approximate station 3 + 70 in the first alley north of Wayne Street. This revision will be paid for as an over-run of items No.11 and 12 of the contract.

(d) With reference to contract drawings, Sheets 18 and 19 of the Nelson Street Regulator, the 24" sewer is to be lowered from an original invert elevation of 69.00 to a revised invert elevation of 68.39 at the regulator end, and from an invert elevation of 69.02 to a revised invert elevation of 68.41 at north end of pipe. This will result in an addition to the contract price.

(e) At the special manhole at the end of the Howard Street sewer as originally shown on Sheet No. 16 of the contract plans, the single five (5) foot section of 24" extra strength reinforced concrete culvert pipe set in the manhole @ 0.12% grade and at an angle of 113° - 30' to the 24" tunnel section sewer is to be changed to a single five (5) foot section of 18" standard reinforced concrete culvert pipe @ 0.25% grade and at an angle of 129° - 07' to the 24" tunnel section sewer. The invert elevation at the manhole is to remain as original. This revision will result in no change in cost.

(f) Provide a 2' 0" square opening in the west side of the manhole at station 91 + 50 just east of Francis Street on Wayne Street. This opening is to be temporarily plugged with brick and is to be located so as to allow for the future installation of a 3" chlorine pipe with an invert elevation of 109.15. This revision will result in no change in cost.

(g) Place a five (5) foot section of 24" extra strength reinforced concrete culvert pipe at station 155 + 49 of the Wayne Street Interceptor at an angle and invert elevation as shown on print. This will provide for a connection of the new Harvester Sewer to be built on another contract.

(h) Place a five (5) foot section of 30" extra strength reinforced concrete culvert pipe at station 153 + 47 of the Wayne Street Interceptor at an angle and invert as shown on print. This will provide for a connection of the new Lakeside Sewer to be built on another contract.

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof,to make the said change and accept therefor an addition in the contract price of $454.78 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

All as shown by a plan of such proposed condemnation of said right-of-way now on file in the office of the Department of Public Works of said City.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, and "An Act to authorize cities and towns to construct, own, equip, operate, maintain and improve works for the treatment and for the disposal of sewage; to authorize charges against owners of premises for the use of such works and to provide for the collection of same; to authorize cities and towns to issue revenue bonds payable solely from the revenues of such works and to make such bonds exempt from taxation and to make them lawful investments of sinking funds; to authorize contracts for the use of such works by other cities, towns, and political subdivisions and charges against owners of premises therein served thereby; and declaring an emergency," approved August 17, 1932, and the provisions of all acts amendatory thereto and supplemental thereof.

That the Board of Public Works of the City of Fort Wayne desires and deems it necessary for the City of Fort Wayne that the use and fee simple title of said aforementioned real estate be condemned and appropriated for intercepting sewer purposes.

That the City of Fort Wayne will be benefited by acquiring the use and fee simple title on the part of the City of said real estate and ground herein described, which real estate is hereby proposed to be condemned and appropriated. That no other property is injuriously affected excepting the property herein to be condemned and appropriated and that the City of Fort Wayne is or will be benefited to the full extent of any damage caused by the appropriation and condemnation.

That payment for damages shall be made pursuant to the provisions and conditions of Chapter 61 of the 1932 Acts of the General Assembly of the State of Indiana, Special Session.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 717-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 1st and 8th days of March, 1940, and that Thursday, the 21st day of March, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

WHEREAS, on the 6th day of February, 1940, an Agreement was made with the Indiana Service Corporation, for a certain easement in connection with the Fort Wayne Sewer Project, and,

WHEREAS, inadvertently, this Agreement was not made a part of the record on the 6th day of February, 1940,

THEREFORE, said Agreement is now made a matter of record in these minutes as of the 6th day of February, 1940.

EASEMENT

THIS AGREEMENT, made and executed in duplicate this 6th day of February, 1940, by and between Indiana Service Corporation with its principal place of business at Fort Wayne, Indiana, hereinafter called "Grantor", and City of Fort Wayne, a municipality of the State of Indiana, hereinafter called "Grantee", WITNESSETH, THAT:

For and in consideration of the several and mutual covenants of the parties hereto it is agreed by and between them as follows:

1. The Grantor does hereby grant, but without warranty of any kind or character either expressed or implied, unto the Grantee a permanent and perpetual easement, with the right and authority in said Grantee to construct, maintain, operate, repair, replace, and renew a twenty-seven (27) inch sewer extending between Spy Run Avenue and the point where Penn Avenue in the City of Fort Wayne intersects the strip of ground commonly known as the Old Feeder Canal Right of Way, and a ten (10) inch sewer across the real estate hereinafter described, for the purpose of effecting a crossing of the St. Joseph River to the point where Charlotte Avenue in the City of Fort Wayne intersects the east bank of said river, and for no other purpose, which said easement is more specifically described as being on, along, and under the following described real estate situated in Allen County, Indiana, to wit:

> Said easement shall extend from the east property line of Spy Run Avenue to the north line of Penn Avenue as it would intersect if extended, the following described premises known as the St. Joe feeder to the Wabash and Erie canal and being so much of the St. Joe feeder as lies north and east of Spy Run Avenue where the said feeder canal crosses said Spy Run Avenue in the southeast quarter of section 35, in Washington Township, Allen County, and extending to and including the intersection with said feeder canal of Penn Avenue extended, including all the real estate occupied by the bed of said feeder and its banks, margins, water rights, rights-of-way, locks, dams, reservoirs and their appurtenances as lie between the points aforesaid. Also a strip of land one rod wide along the west bank of the feeder canal across the full length of all that part of Lot Number Two (2) in the Eliza Hanna, Senior, subdivision of the west part of Section 25 and the east part of 26 in Township 31 north, range 12 east, which lies adjacent to said feeder canal.

2. The Grantee hereby agrees for itself, its agents, employees, contractors, and all other persons now or hereafter engaged in the construction, maintenance, operation, repair, replacement, and renewal of said sewers as follows, and said grant of easement is expressly subject to the conditions and agreements as follows:

(a) That said sewers will be located over said above described real estate and constructed in accordance with the plans of the Grantee, as prepared by Charles W. Cole, consulting engineer for said City, which plans are on record with the Grantee and are entitled, "Sewers and Sewage Treatment, Project PWA Docket Indiana 1081-F, Clinton Street Interceptor, Division A, Contract No. 13, dated September 1939", which said plans are hereby incorporated in and made a part of this instrument of easement, the same as if set forth verbatim herein.

(b) Wherever the construction operations in connection with the use of this easement are adjacent to poles, towers, tracks, or other property of the Grantor, the Grantee shall employ or cuase to be employed such methods of construction as are satisfactory to the Grantor and have been first approved by the Grantor. The City, through its agents, employees, contractors, or subcontractors shall furnish to the Grantor satisfactory evidence that the methods to be used in locating and constructing said sewers are to the satisfaction of the Grantor. Wherever said sewers are to be constructed below existing street car tracks along said easment, the City shall remove the abandoned track material wherever necessary for such construction and shall pile the material so removed in an orderly manner on said easement at points designated by the Grantor. The Grantee shall employ or cause to be employed such methods of construction as will permit the Grantor to maintain uninterrupted street car service on its lines where such service is to be maintained. Said City shall employ or cause to be employed suitable construction methods, such as shoring, bracing, and sheeting excavations and tunneling where necessary so as to avoid disturbance of the Grantor's structures or lines, and said Grantee expressly agrees that if said structures or lines be disturbed or damaged, with or without fault, it will replace the same forthwith to their former condition to the satisfaction of the Grantor. The Grantee guarantees that wherever said sewer crosses under a transmission line tower of the Grantor, it will cross under said tower by tunneling between points fifteen (15) feet from each side of said tower and will shore excavations adjacent to each terminal of said tunnel, so as to eliminate the hazard of foundation failure, and that it will restore any foundation failure, whether caused by fault of the Grantee or not. No excavating machinery used in the construction of said sewer shall be used so as to come nearer than ten (10) feet from any transmission line conductor of the Grantor.

(c) Said sewer construction shall in all other respects be in accordance with the specifications entitled, "Instructions to Bidders, General Specifications for Workmanship and Materials, Detail Specifications and Form of Proposal Contract and Bonds for the Construction of the Clinton Street Interceptor and Appurtenances, Division A, Contract No. 13, as Prepared by Charles W. Cole, Consulting Engineer of the City of Fort Wayne Sewers and Sewage Treatment Plant Project", all of which are incorporated in and made a part of this grant of easement with the same effect as if written herein verbatim.

(d) The Grantee expressly agrees to and does hereby indemnify and save the Grantor harmless from any and all damage, loss, claims, demands, costs, or expenses by reason of injury or death to persons, including officers, employees, agents, or invitees of the Grantee, officers, employees, agents, or invitees of the Grantor, and of all other persons whomsoever, or damage to property of any person, including without being limited to the property of the Grantor or the Grantee, caused by or in any way arising out of the construction, maintenance, operation, repair, replacement, or removal of said aforementioned sewers or the use thereof, regardless of the approval by the Grantor of the method of construction, operation, maintenance, repair, replacement, or removal thereof by the Grantee, and regardless of whether such damage, loss, cost, demands, or expenses are occasioned by acts of the Grantee, its agents, employees, contractors, or subcontractors.

(e) The Grantee agrees to construct, lay, use, operate, maintain, repair, and replace said sewers so as not to interfere with the Grantor's use of its real estate,and to pay to Grantor any and all damage suffered or sustained by it by reason of such construction, use, operation, maintenance, repair, removal, or change of said sewer or sewers.

3. The Grantee agrees to assume and bear all loss, cost, damage, or expense suffered or sustained by it and resulting from damage to or destruction of its property by reason of the location, use, operation, maintenance, replacement, renewal, and/or repair of any of Grantor's electric transmission lines, or street railway lines, or other uses made of the above described real estate by the Grantor.

IN WITNESS WHEREOF, the parties hereto have caused thier names to be hereunto subscribed by their officers duly authorized by law so to do as of the day and year first above written.

CONTRACT

THIS AGREEMENT, Made and entered into this 7th day of March, 1940, by and between the WATER WORKS DEPARTMENT OF THE CITY OF FORT WAYNE, Allen County, Indiana, by and through its BOARD OF PUBLIC WORKS, Party of the First Part, and WAYNE SCHOOL TOWNSHIP, ALLEN COUNTY, INDIANA, by and through its Trustee, Walter F. Hayes, Party of the Second Part, WITNESSETH:

The party of the first part agrees to install an 8" water line to the Anthony Wayne School, located in Wayne Township, Allen County, Indiana, and said water main shall extend from the end of the present 10" water main on Covington Road, 500 feet West of the West property line of the Washington Road, for a distance of 1800 feet west on the Covington Road to immediately in front of the Anthony Wayne School, from which point a 4" cast iron line will extend 300 feet to the building line of the Anthony Wayne School. The 8" water main on Covington Road will be installed 13 feet 4 inches South of the north property line of said Covington Road.

The party of the first part agrees to furnish the pipe and all other necessary material for the installation of said water line. The party of the first part further agreed to furnish all skilled labor for the installation of said pipe and also agrees to furnish sufficient skilled labor necessary for the cauling of said pipe.

In consideration of the installation of said water line, the party of the second part agrees to pay to the party of the first part the sum of TWO THOUSAND FOUR HUNDRED EIGHTY-SEVEN ($2,487.00) DOLLARS, and also agrees to furnish up to 2,800 pounds of lead necessary in the construction of said water line, any of said lead not so used, however, to revert to party of the second part and National Youth Administration.

The party of the second part further agrees that it will arrange with the National Youth Administration to furnish all labor for the digging and backfilling in connection with the construction of said water line.

It is understood and agreed that the party of the first part will furnish water through said line when the same is completed, in accordance with the rules and regulations of said Water Department and the laws and regulations applicable thereto, now in force, or that may hereafter be adopted.

It is further understood and agreed that the said water line and fittings are to form and become a part of the water system of the City of Fort Wayne, and all right, title and interest whatsoever shall at all times remain in the City of Fort Wayne, Indiana.

The party of the second part hereby represents that all necessary legal steps have been taken for the authorization of said expenditure of the funds of Wayne School Twonship, Allen County, Indiana, and approval for said expenditure has been obtained from the State Board of Tax Commissioners from the State of Indiana.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals the day and year above written.

Motion was made, seconded and carried that the application of the Fort Wayne Water Works Department, to make a cut into the pavement at 729 Knitters Avenue, be granted.

Motion was made, seconded and carried that the following driveway applications be granted:

John Dehner, Inc., 40 ft. cut and 36 ft. drive at 624 High Street;
W. O. Morningstar, 12 ft. cut and 8 ft. drive at 1212 Sheridan Court.

Motion was made, seconded and carried that the application of Ernest Timme & Sons, to extend the 12 foot driveway to a width of 14 feet at 3714 Fairfield Avenue, be granted.

A petition, providing for the improving of Plymouth Avenue from Fox Avenue to Indiana Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the paving of Springfield Avenue from the present pavement on Parnell Avenue to St. Joe River Drive with bituminous pavement and curbs, to the width of twenty-eight (28) feet, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

An additional petition, providing for the construction of a sewer in the alley between New Haven Avenue and Logan Avenue from Birchwood Avenue to Fleetwood Avenue, was received. Motion was made, seconded and carried that the same be filed with Local Sewer Improvement Resolution Number 484.

The City Engineer now submitted plans for the opening of an alley across Lots Numbered Twenty-four (24), Ninety-six (96), Ninety-seven (97), Ninety-eight (98) and Ninety-nine (99) Rockhill's Second Addition to the City of Fort Wayne, Indiana, as more fully set out in Declaratory Resolution Number 719-1940, which plans were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 719-1940.

For the opening of an alley across Lots Numbered Twenty-four (24), Ninety-six (96), Ninety-seven (97), Ninety-eight (98) and Ninety-nine (99) Rockhill's Second Addition to the City of Fort Wayne, Indiana.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to open an alley across Lots Numbered Twenty-four (24), Ninety-six (96), Ninety-seven (97). Ninety-eight (98) and Ninety-nine (99) Rockhill's Second Addition to the City of Fort Wayne, Indiana.

All as shown by a plan of such proposed alley opening not on file in the office of the Department of Public Works of said City.

The opening of the above described alley to be made by condemning and appropriating for alley purposes, all that portion of Lots Numbered Twenty-four (24), Ninety-six (96), Ninety-seven (97), Ninety-eight (98) and Ninety-nine (99) Rockhill's Second Addition, lying south of a line described as follows:

Beginning at a point on the south property line of Lot Number Twenty-four (24) Rockhill's Second Addition and twenty-five (25) feet west of the southeast corner of said lot; thence in a northwesterly direction to a point on the west property line of Lot Number Ninety-six (96) Rockhill's Second Addition and one hundred eighteen (118) feet south of the northwest corner of said lot; thence west parallel to and one hundred eighteen (118) feet south of the north property line of Lots Numbered Ninety-seven (97) and Ninety-eight (98) Rockhill's Second Addition, a distance of sixty-two and five tenths (62.5) feet; thence in a northwesterly direction to a point on the west property line of Lot Number Ninety-nine (99) Rockhill's Second Addition and eighty-five (85) feet south of the northwest corner of said lot.

The cost of opening of said alley as above described shall be assessed against the property beneficially affected thereby.

Any costs arising on account of river bank guard rail construction, to protect traffic, shall be paid for by the property owners abutting on said alley.

The property which may be injuriously or beneficially affected by the proposed alley opening as above described is described as Lots Numbered Twenty-four (24), Ninety-six (96), Ninety-seven (97), Ninety-eight (98) and Ninety-nine (99) Rockhill's Second Addition to the City of Fort Wayne, Indiana.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning

Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay.

All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplemental thereof.

All of said lots and lands affected by the above described alley opening being situated in the Southeast Quarter of Section 3, Township 30 North, Range 12 East, and lying within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 719-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 13th and 20th days of April, 1940, and that Thursday, the 2nd day of May, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

This being a date and time perviously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3315-1940, which provides for the improving of Packard Avenue from the west property line of Fairfield Avenue to the east property line of Broadway, (including whatever labor is necessary above that furnished by Federal Agencies); there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 30.7% of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 23rd day of April, 1940, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted resolution and, also that Thursday, the 25th day of April, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

In the matter of the subcontract under Division "A" Contract No. 20, of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, which provides for the construction of the Spring Street Section, Nebraska Interceptor and Appurtenances, which was awarded to HIPSKIND HEATING AND PLUMBING COMPANY, Thursday, the 28th day of March, 1940, at 2:00 o'clock P. M., motion was made, seconded and carried that permission be granted the aforementioned contractor to sublet to JOHN DEHNER, INC., of Fort Wayne, Indiana, the subcontract covering Concrete Bulkhead, Tunnel work, 42" and 72" Sewer Pipe Lines. The subcontract will be in the approximate amount of $57,500.00.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 4, P.W.A. Docket No. Ind. 1081-F of the DRAINAGE CONTRACTORS, INC., Contractor for Division " A" Contract No. 13, of the Sewers and Sewage Treatment Plant Project for the construction of the Clinton Street Interceptor and Appurtenances, in the amount of $29,762.82 be approved and the same ordered paid, less 10 per cent, which amount is $26,786.56.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 5, P.W.A. Docket No. Ind. 1081-F, of W. A. SHEETS & SON, INC., Contractor for Division "C" Contract No. 17, of the Sewers and Sewage Treatment Plant Project for the construction of the Filtration Plant Waste Sewer, Chlorinator Station and improvements to Tecumseh and Morton Street Pumping Stations, in the amount of $12,556.84 be approved and the same ordered paid. less 10 per cent, which amount is $11,301.16.

The Board then upon motion adjourned.

DECLARATORY RESOLUTION NUMBER 720 - 1940

IN THE MATTER OF THE CONTRACT WITH THE RECEIVERS OF THE WABASH RAILWAY COMPANY RESPECTING INSTALLATION OF AUTOMATIC HIGHWAY CROSSING SIGNALS AT CERTAIN STREET CROSSINGS OF SAID WABASH RAILWAY IN THE CITY OF FORT WAYNE, INDIANA, AND MATTERS PERTAINING THERETO

RESOLVED, by the Board of Public Works of the City of Fort Wayne, Indiana, that the contract with the Receivers of Wabash Railway Company and the Wabash Railway Company, hereinafter set forth, respecting installation of automatic highway crossing signals at certain street crossings of said Wabash Railway in said City of Fort Wayne and matters pertaining thereto be, and the same is hereby, approved and its execution authorized subject to the terms and conditions therein stated, and which said contract or agreements reads as follows, to-wit:

CONTRACT

THIS AGREEMENT, Made and entered into this 8th day of April, 1940, by and between WABASH RAILWAY COMPANY and NORMAN B. PITCAIRN and FRANK C. NICODEMUS, JR., Receivers of Wabash Railway Company, parties of the first part (hereinafter collectively referred to as the "Receivers") and the CITY OF FORT WAYNE, INDIANA, by its Board of Public Works, party of the second part (hereinafter referred to as the "City"), WITNESSETH:

WHEREAS, said Receivers are engaged in the operation of said Wabash Railway pursuant to rights, franchises and contracts and contracts heretofore obtained; and,

WHEREAS, the line of said Wabash Railway extends in and through said City, crossing several public streets thereof at grade; and, WHEREAS, the parties desire to agree and have agreed, in the interest of greater safety to persons traveling upon the public streets of said City and upon said railroad, upon a more modern and effective method of crossing protection than is now in force;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, it is agreed between the parties hereto as follows:

1. Permission is hereby given said Receivers to install, maintain and operate, at their expense, and said Receivers hereby agree to install, maintain and operate automatic highway crossing signals, of the type and at the locations as hereinafter specified, together with all necessary posts, poles, wires, signals and signs and equipment for the operation of said signals as follows:

The installation of "Association of American Railroads' Standard Highway Crossing Signals, of the flashing light type, with the addition of automatic short arm crossing gates" at the crossings of said railway with Wabash Avenue, Fletcher Avenue, Anthony Boulevard, Winter Street and Brooklyn Avenue.

All the foregoing signals to be of the automatic type, operated by track circuits, with permission to said Receivers, in addition to the automatic operation of said crossing signals as aforesaid, to install at Wabash Avenue, Fletcher Avenue, Anthony Boulevard and Winter Street, or at any one of more of said streets, necessary switches and circuits to permit the use of manual supervision of said signals.

Each of the installations shall consist of two (2) signal units, each signal unit containing necessary foundation, pole, crossing sign, flashing lights, gate arm, wires and other appurtenances, one signal unit to be located on each side of the crossing on the right hand of the street to one approaching the crossing.

Said automatic signals to be installed and placed in operation in the calendar year 1940.

2. Said automatic signals aforesaid shall be maintained and operated twenty-four (24) hours a day.

3. Said automatic crossing signals, when installed and in operation, shall be in lieu of any other form of crossing protection required by ordinance of said City of Fort Wayne.

4. The provisions of this agreement shall extend to and be binding upon the parties hereto, their respective successors and assigns.

5. All ordinances or parts of ordinances in conflict herewith are hereby rescinded and repealed.

IN WITNESS WHEREOF, said Receivers have caused this agreement to be executed in their behalf by one of said Receivers, said Wabash Railway Company has caused this agreement to be executed on its behalf by its Vice-President and attested by its Assistant Secretary, and said City has caused this agreement to be executed by the Board of Public Works and attested by the Clerk of said City pursuant to due authority and confirmed by resolution of said Board and confirmed by Ordinance of the City Council of said City, the day and year first above written.

Fort Wayne, Indiana,
Thursday, April 18, 1940,
Regular Meeting held at 7:30 o'clock P. M.

Motion was made, seconded and carried that the minutes of the Regular Meeting of Tuesday, April 16th at 10:00 o'clock A. M. and the Special Meeting of Wednesday, April 17th, 1940 at 2:00 o'clock P. M., stand approved as read.

Motion was made, seconded and carried that the following bonds that have been approved by the City Attorney be approved:

Hagerman Construction Co.,	signed by the United States Fidelity and Guaranty Co;
A. R. Kern	signed by the London & Lancashire Indemnity Company;
A. E. Markwith,	signed by the New Amsterdam Casualty Company.

Motion was made, seconded and carried that the application of Randolph Shea, of the WPA, to construct the following sidewalks be granted: 1410 Clara Avenue; 1725 Crescent Avenue; 1847 Crescent Avenue; 808-10 South Calhoun Street; 1802 South Calhoun Street; 2842 South Calhoun Street; 3618 South Calhoun Street; 203 West DeWald Street; 1615 Dodge Avenue; 1918 Drexel Avenue; 1037 Edgewater Avenue; 2301 Fairfield Avenue; 2521 Florida Drive; 1719 South Harrison Street; 233 East Jefferson Street; 2421 Kensington Boulevard; 4331 Lafayette Street; 1207 Lake Avenue; 211 West Main Street; 213 West Main Street; 227 West Main Street; 325 McKinnie Avenue; 1041 Northwood Boulevard; 702 Nuttman Avenue; 2904 Shawnee Drive; 1530 Sherman Boulevard; 521 East State Boulevard; 659-63 West Third Street; 819 Third Street; 634 Walnut Street; 2901 South Webster Street; 2905 South Webster Street; 3102 South Webster Street; 1018 Woodview Boulevard.

Motion was made, seconded and carried that the following driveway applications be granted:

B. L. Disler, 13 ft. cut and 9 ft. drive at 4511 South Calhoun Street;
L. C. Smith, 12 ft. cut and 8 ft. drive at 3702 South Webster Street,
(on Gumpper Avenue side)

A petition, providing for the paving of the alley between Dodge Avenue and Clara Avenue from the first alley west of Crescent Avenue to Kentucky Avenue, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

A petition, providing for the construction of a sanitary sewer between Wayne Trace and the Pennsylvania Railroad from the Allen County Lumber Company to where the Saylor Lumber Company was located, (using WPA labor) was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same.

The Board now upon motion granted to the Indiana Service Corporation the right to establish temporary bus service as follows: Operate on East Washington Boulevard from Calhoun Street directly East, instead of following the present course on East Jefferson Street.

In the matter of the subcontract under Division "A" Contract No. 2, of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, which provides for the furnishing of all labor and materials and constructing the Rudisill Intercepting Sewer, which was awarded to BASS ENGINEERING AND CONSTRUCTION COMPANY, Thursday, December 8, 1938, at 7:30 o'clock P. M., motion was made, seconded and carried that permission be granted the aforementioned contractor to sublet to the L. W. DAILEY CONSTRUCTION COMPANY of Fort Wayne, Indiana, the subcontract for pavement repair work on the aforesaid project. The subcontract will be in the approximate amount of $720.00.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3316-1940, which provides for the furnishing of materials including whatever labor is necessary above that furnished by Federal Agencies for the improving of Taylor Street from the Junk Ditch to the east property line of Ardmore Avenue; there having been presented a remonstrance, which after a check-up was found not to contain the signatures of any of the resident property owners affected; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatosever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 30th day of April, 1940, at 5:00 o'clock P.M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted resolution and, also that Thursday, the 2nd day of May, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

The Board then upon motion adjourned.

A petition, providing for the widening and resurfacing of New Haven Avenue from Birchwood Avenue east to the City Limits, to a width of 24 feet, estimates to be prepared with, and without curb, was received. Motion was made, seconded and carried that the City Engineer be instructed to prepare plans and specifications for the same. (Federal Agencies to be used as much as possible).

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3315-1940, which provides for the improving of Packard Avenue from the west property line of Fairfield Avenue to the east property line of Broadway; (including whatever labor is necessary above that furnished by Federal Agencies); there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed, including whatever labor is necessary above that furnished by Federal Agencies, under Street Improvement Resolution Number 3315-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 27th day of April and the 4th day of May, 1940, and that Tuesday, the 14th day of May, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed and materials furnished under the aforementioned resolution.

Motion was made, seconded and carried that the Board waive liquidated damages for delay in the amount of $10.00 for each and every day that the work remained uncompleted after the 60 day period, as provided for in the contract for the completion of the installation of ornamental lighting on Sherwood Terrace from Calhoun Street to Buell Drive, under Ornamental Lamp Post Resolution Number 69-1940.

Motion was made, seconded and carried that the primary assessment roll for the work performed under Lamp Post Declaratory Improvement Resolution Number 69-1940, which provides for the installing and constructing, complete, a system of ornamental lamp posts on both sides of Sherwood Terrace from Calhoun Street to Buell Drive, be and the same is hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 2nd day of May and the 3rd day of May, 1940, and that Thursday, the 9th day of May, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

The Board now received a memorandum, dated April 17, 1940, from D. R. Kennicott, Regional Director, P.W.A. of P.W.A. concurrence in the award of CHARLES R. WERMUTH & SON, INC., of the contract for Division "C" Contract No. 19 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, P.W.A. Docket 1081-F, which provides for Furnishing and Delivering and Furnishing and Installing Miscellaneous Equipment for the Sewage Treatment Plant.

Motion was made, seconded and carried that the Secretary of the Board of Public Works notify CHARLES R. WERMUTH & SON, INC., of the concurrence of the P.W.A. in the award and to further notify the Contractor to enter into contract with the Board of Public Works and furnish necessary surety bond, also the required number of Insurance Certificates covering Workmen's Compensation, Public Liability and Property Damage.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 1, P.W.A. Docket No. Ind. 1081-F of Roots-Connersville Blower Corporation, Contractor for Division "B" Contract No. 9, of the Sewers and Sewage Treatment Plant Project for the Gas Engine Driven Blower, in the amount of $31,570.00 be approved and the same ordered paid.

Partial payment allowed under contract terms and conditions for furnishing equipment ready for installation under Article II of contract as follows:

"Seventy (70) per cent of contract price will be due and payable when the equipment has been tested, accepted and delivered, f.o.b. cars at Fort Wayne, Indiana."

Equipment under this contract has been tested and is being stored pending a request for shipment from Charles R. Wermuth & Son, General Contractor for the Sewage Treatment Plant, Division "C" Contract No. 14.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 1, P.W.A. Docket No. Ind. 1081-F of Roots-Connersville Blower Corporation, Contractor for Division "B" Contract No. 10, of the Sewers and Sewage Treatment Plant Project for the Electric Motor Driven Blowers, in the amount of $28,980.00 be approved and the same ordered paid.

Fort Wayne Sewage Treatment Plant
Division "B" Contract No. 12
P.W.A. Docket Indiana 1081-F

Gentlemen:

We have been advised by your Consulting Engineer, Chas. W. Cole that the completion date of the above captioned contract was March 18, 1940.

The completion of this contract is dependent upon the progress of the General Contract of the Sewage Treatment Plant.

Inasmuch as it will be some time before progress of the General Contract will permit us to install our equipment, we are requesting an extension of time on ninety (90) days or an extended completion date of June 16, 1940, together with the waiving of liquidated damages.

Kindly advise us of your determination in this matter.

Yours very truly,

Motion was made, seconded and carried that the following resolution be approved:

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE DATE FOR COMPLETING THE CONTRACT FOR DIGESTION TANK COVERS

DIVISION "B" CONTRACT NO. 12
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, asting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner" and the Pacific Flush Tank Company, hereinafter referred to as the "Contractor", has entered into a contract for the performance of certain work in connection with the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana.

WHEREAS, it is provided in the said contract that in the event the said work is not completed within 300 consecutive calendar days from and including the date set out in the notice to start work, or by the 18th day of March, 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each day the said work remains incompleted after the aforeaaid date, and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the contractual date for completion, viz:

The Contractor cannot make delivery and install equipment under its contract until construction of the four (4) digesters under the contract for the Sewage Treatment Plant, Division "C", Contract No. 14, have been completed.

The four (4) digesters will not be completed until about May 10, 1940, thus it will not be possible for said Contractor to complete work until June 16, 1940.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and accordingly, liquidated damages should not be assessed,

NOW, THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana, (1) That the Contractural date for completion of the said contract be extended to the 16th day of June 1940, (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto, and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordanc with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 1st day of May, 1940.

Gentlemen:

We have been advised by your Consulting Engineer, Chas. W. Cole, that the completion date of the above captioned contract was December 9, 1939.

The completion of this contract is dependent upon the progress of the General Contract for the Sewage Treatment Plant, Division "C" Contract No. 14. Our contract stipulates that shipment will be made upon order of the General Contractor of C-14.

We understand that it will be some time before our equipment will be accepted by the General Contractor. This delay has caused us considerable inconvenience as well as additional expense. We have been ready, subject to the 10 day notice from General Contractor for assembling materials for shipment, to ship this equipment for some time.

Therefore, we hereby request an extension of time of one hundred and ninety (190) days or an extended completion date of June 16, 1940, together with the waiving of liquidated damages. As the contract also calls for 70% payment upon inspection, f.o.b. cars Fort Wayne, and the delay in shipment is not of our making, we request that half of the 70% payment be made to us at this time.

Kindly advise us of your determination in this matter.

CONTRACTS "B" - 5 to 11 INCLUSIVE
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and the Chain Belt Company (Division "B" Contract Nos. 5 & 7), the Hardinge Company (Division "B" Contract No. 6), the Jeffrey Manufacturing Company (Division "B" Contract No. 8), the Roots-Connersville Blower Corporation (Division "B" Contract Nos. 9 & 10), and the Yeomans Brothers Company (Division "B" Contract No. 11), hereinafter referred to as the "Contractors", having entered into contracts for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana:

WHEREAS, it is provided in the said contract that in the event that said work is not completed within two hundred (200) consecutive calendar days, from and including the date set out in the notice to start work, or by the 9th day of December, 1939, the said Contractors shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each day the said work remains incompleted after the aforesaid date, and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractors to perform the said contract within the contractual date for completion viz;

The said Contractor cannot make delivery of equipment under their contracts until construction of the Sewage Treatment Plant, Division "C" Contract No. 14, has progressed to a point when said equipment can be stored or installed.

Inasmuch as it will be sometime before construction of the Sewage Treatment Plant has proceeded far enough to permit delivery and installation of above equipment, it will not be possible for the said Contractors to complete their contracts until June 16, 1940.

WHEREAS, it appears that the said Contractors are not legally responsib for such delay in the completion of said contracts accordingly, liquidated damage should not be assessed,

NOW, THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana, (1) that the contractual date for completion of the said contracts be extended to the 16th day of June, 1940, (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractors to complete the work prior thereto, and (3) that said contractual provision providin for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contracts only from and after the aforesaid extended date for completion of the work.

Motion was made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 495-1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Logan Avenue and Schele Avenue from Birchwood Avenue to Holly Avenue. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials for said improvement and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 495-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 11th and 18th days of May, 1940, and that Thursday, the 6th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when the Board will consider confirming the same.

The City Engineer now submitted plans, specifications and estimates for the following public improvements, which plans, specifications and estimates were upon motion approved:

For the improving of the sidewalk on both sides of McCormick Avenue from Birchwood Avenue to Fleetwood Avenue, as more fully set out in Sidewalk Improvement Resolution Number 3317.

For the improving of Plymouth Avenue from the west property line of Fox Avenue to the east property line of Indiana Avenue, as more fully set out in Street Improvement Resolution Number 3318.

Motion was then made, seconded and carried that the following resolutions be adopted:

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3317-1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on both sides of McCormick Avenue from Birchwood Avenue to Fleetwood Avenue, by paving with cement to a width of five (5) feet all in accordance with tge profile, details, drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The cost of said improvement, including the cost of street and alley intersections, shall be assessed upon the real estate abutting on said street as above described and upon the City of Fort Wayne, Indiama, if the said city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

STREET IMPROVEMENT RESOLUTION NUMBER 3318-1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiama, that it is deemed necessary to improve Plymouth Avenue from the west property line of Fox Avenue to the east property line of Indiana Avenue by draining, curbing and paving the roadway to a uniform width of eighteen (18) feet with Sheet Asphalt, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, upon Improvement Resolutions Numbered 3317 and 3318 are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for tje collection of the same, of for the pavement of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have beem actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3317 and 3318, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 11th and 18th days of May, 1940, and that Thursday, the 6th day of June at 7:30 o'clock P. RESOLUTION

[illegible]

SEWERS AND SEWAGE TREATMENT PLANT PROJECT

CITY OF FORT WAYNE, INDIANA

P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the City of Fort Wayne, State of Indiana, by and through its Common Council covenanted with the Federal Emergency Administration of Public Works on the 28th day of June, 1938 to accept a grant covering 45% of the cost for the construction of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, P.W.A. Docket Indiana 1081-F, and agreed to start work within twelve (12) weeks after June 28, 1938, or by the 16th day of September 1938 and to complete work within twenty-one (21) months of starting date or by the 16th day of June 1940, and,

WHEREAS, after careful consideration of the progress in the construction of the project it is now apparent that it will be impossible to complete work on the said project by the 16th day of June 1940, and

WHEREAS, the progress of work on the Sewage Treatment Plant (Division "C" Contract No. 14), the Clinton Street Interceptor, (Division "A", Contract No. 13), and the Lakeside, Harvester, Miscellaneous Sewers, and Chlorinator Station (Division "A", Contract No. 16) has been unavoidably delayed due to circumstances beyond control, which are as follows:

SEWAGE TREATMENT PLANT

(a) The driving of concrete piling for two digesters, primary settling tanks, secondary settling tanks and main control building.

(b) Excavation of an additional six (6) inches of soil under all structures caused by ground swell due to the driving of piling.

(c) Additional time needed in fine grading as this work had to be done by hand instead of by machine as originally planned.

(d) The pile driving operations extended from September 5, 1939 to December 15, 1939, thus disrupting entire construction program, necessitating the pouring of concrete and preparation of ground area under winter conditions which retarded progress considerably.

(e) Change Order No. 2 covering construction of a portion of the Harvester Interceptor through the sludge beds carried an extension of time of twenty-one (21) days.

(f) Subsequent Change Orders, final clean up, and adjustment to place plant in operation will necessitate thirty (30) days.

CLINTON STREET INTERCEPTOR

(a) The long continued high water level of the St. Mary's River has made it impossible to do any work along and in the old interceptor on Superior Street for four (4) months, namely, January, February, March and April 1940.

(b) An old covered nine (9) foot limestone culvert was encountered at Duck Street and Clinton Street. This culvert is directly connected to St. Mary's River which with the high water level has flooded all operations at this point.

LAKESIDE & HARVESTER INTERCEPTOR

(a) The Contractor was delayed eighteen (18) days from December 28, 1939 to January 15, 1940, pending delivery of materials.

(b) Work was further hampered by extreme cold weather in January and February, causing ground to freeze to a depth of from 2-1/2 to 3 feet.

(c) Construction has been held up on fifty (50) percent of sewer line which is adjacent to St. Mary's and Maumee Rivers, due to high water level during March and Aoril, and

WHEREAS, as indicated in the above stated reasons for delays encountered in the construction program, of the Sewers and Sewage Treatment Plant Project, the City of Fort Wayne feels justified in requesting an extension of the project completion date.

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the City of Fort Wayne, State of Indiana by and through its Board of Public Works,

(1) That in view of the facts and data herein described and attached hereto, the Federal Works Agency, Public Works Administration is hereby requested to extend the date for project completion of P.W.A. Docket Indiana 1081-F from June 16, 1940 to December 3, 1940, an extension of one hundred and seventy (170) consecutive calendar days.

Thus resolution was passed on the 1st day of May, 1940.

For the improving of Cherry Street from the south property line of Main Street to the north property line of Camp Allen Drive, as more fully set out in Improvement Resolution Number 3321.

Motion was then made, seconded and carried that the following resolutions be adopted:

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3319 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Raymond Avenue from Fleetwood Avenue to Holly Avenue, by paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The cost of said improvement, including the cost of street and alley intersections, shall be assessed upon the real estate abutting on said street as above described and upon the City of Fort Wayne, Indiana, if the said city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

STREET IMPROVEMENT RESOLUTION NUMBER 3320 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Springfield Avenue from the east curb line of Parnell Avenue to the west property line of St. Joe River Drive by draining, curbing, grading and paving the roadway to a uniform width of twenty-eight (28) feet with Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, with seven (7) inch reinforced Concrete, or with a four (4") inch Penetration Macadam with an asphalt wearing surface, all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

STREET IMPROVEMENT RESOLUTION NUMBER 3321 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Cherry Street from the south property line of Main Street to the north property line of Camp Allen Drive by draining, curbing, grading and paving the roadway to a uniform width of twenty-four (24) feet with Sheet Asphalt, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, upon Improvement Resolutions Numbered 3319, 3320 and 3321, are to be paid in ten equal installments with interest at the rate of five (5) per cent per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3319, 3320 and 3321, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-

Gazette on the 22nd and 29th days of May, 1940, and that Thursday, the 13th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions, also a date and time when the Board will consider confirming the same.

This being a date and time previously fixed by the Board when it would receive sealed proposals for Street Improvement Resolution Number 3316-1940, which provides for the furnishing of materials for said improvement, including whatever labor is necessary above that furnished by Federal Agencies for the improving of Taylor Street from the Junk Ditch to the east property line of Ardmore Avenue, the Board now proceeded to open the same and obtained the following results:

L. W. DAILEY CONSTRUCTION COMPANY, bid as follows:

Equipment and Supervision for placing concrete pavement	$3,600.00
Sand per cu. yd.	$ 2.20
Crushed Stone #5, per cu. yd.	$ 2.50
Wire Mesh, per sq. yd.	.22

1/2" x 4'0" dowel bar, each	$ .12
1/2 x 7" Expansion joint, per lin. ft.	.20
Form rental, per lin. ft.	.25

Motion was made, seconded and carried that the aforesaid bid be referred to the City Engineer for tabulation.

The tabulation of bids was submitted by the City Engineer and placed on file.

The Board now proceeded to make the following preliminary order in the matter of Street Improvement Resolution Number 3316-1940, on which bids were received Tuesday, May 21, 1940, at 10:00 o'clock A. M.

3316 - Paving of TAYLOR STREET 7 inch Reinforced Concrete Slab.

In accordance with the Street Paving Law, the Board now upon motion fixed Monday, June 3rd, 1940, at 10:00 o'clock A. M., as a date and time up to which it will receive petitions for material other than that designated by the Board; also that Tuesday, the 4th day of June, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will consider awarding the contract for the aforementioned street resolution.

Motion was made, seconded and carried that Notice to Bidders for the Sale of Certain Real Estate, Structures and Improvements located on Lot Number Forty (40), Second Interurban Acre Addition to the City of Fort Wayne, Allen County, Indiana, also Lot Number Six (6) Fernhill Gardens Addition to the City of Fort Wayne, Allen County, Indiana, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette, on the 24th and 31st days of May, 1940, and that Tuesday, the 4th day of June, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the same.

The Board then upon motion adjourned.

RESOLUTION

AUTHORIZING CONTRACT CHANGE NO. 1

CITY OF FORT WAYNE, INDIANA
DIVISION "C" CONTRACT NO. 15
P.W.A. DOCKET INDIANA 1001-F

BE IT RESOLVED by the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "City", the following:

1. That it is deemed advisable for the best interest of the said City that the contract between the said City and Schwegman-Witte Company, the Contractor for work to be done under the contract for the Heating and Plumbing of the Sewage Treatment Plant, Division "C" Contract No. 15 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects:

(a) Install auxilliary control for immediately shutting off gas in case of fuel failure. This unit shall consist of ionized rods, relays, transformers, tubes and chasis, completely installed and ready for operation. This will result in an addition of $371.10.

(b) Furnish and install Sylphon traps for the return of each radiator, together with the installation of thermostatic heavy duty traps at the return of each unit heater and at the end of the steam mains at an additional cost of $363.12.

(c) Furnish one (1) heat exchanger (Patterson-Kelley) #204 Type D, in lieu of the heat exchanger originally specified. This heat exchanger shall be provided with interior baffles placed around the coils within the shell to insure proper circulation of the water at the rate of 180 gpm and to transfer 1,300,000 heat units per hour with steam at two (2) pound pressure. Water supply shall be passed through the shell and steam supply through head and copper coils inside of tank. This revision will result in an addition of $74.72.

(d) Connect an additional floor drain in locker room at elevation 80 into drainage system for an addition of $21.42.

(e) Furnish and install additional automatic control for duplicating the shut-off of gas in case of flame failure and automatic starting and operating the oil burner until the gas pressure is restored. This additional equipment will result in an addition of $386.40.

(f) Delete the three (3) speed control switch and thermostat for the unit heater in the Grit Chamber and substitute a single speed capacitor type motor in lieu of the originally specified three speed motor for a deduction of $16.45 from the contract price.

(g) Delete two (2) gas meters, Item No. 18 of P.W.A. Form No. 96 for a deduction of $205.00 from the contract price.

(h) Eliminate two (2) - 8" iron body automatic stop-check valves in the main boiler header for a deduction of $90.00 from the contract price.

The net additional cost to the contract price for making the above eight (8) revisions is nine hundred and five dollars and thirty-one cents ($905.31).

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $905.31 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

The City Engineer now submitted plans for the opening of Glenwood Avenue from Crescent Avenue to Kentucky Avenue to a uniform width of fifty (50) feet, as more fully set out in Declaratory Resolution Number 721-1940, which plans were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 721-1940

For the opening of Glenwood Avenue from Crescent Avenue to Kentucky Avenue to a uniform width of fifty (50) feet.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to open Glenwood Avenue from Crescent Avenue to Kentucky Avenue to a uniform width of fifty (50) feet.

The opening of said Glenwood Avenue as above described to be made by condemning and appropriating for street purposes the following described property: The north nineteen (19) feet of Lots Numbered fifty-four (54), fifty-five (55), fifty-six (56), fifty-seven (57), fifty-eight (58), fifty-nine (59), sixty (60), sixty-one (61), sixty-two (62), sixty-three (63), sixty-four (64), sixty-five (65), sixty-seven (67) and the south nineteen (19) feet of Lots Numbered sixty-eight (68), seventy (70), seventy-one (71), seventy-two (72), seventy-three (73), seventy-four (74), seventy-five (75), seventy-six (76), seventy-seven (77), seventy-eight (78), seventy-nine (79), eighty (80), eighty-one (81), and eighty-two (82), all in Elizabeth C. Hanna's Subdivision of Hanna's Plat C.

All as shown by a plan of such proposed street opening now on file in the office of the Department of Public Works of said City.

The cost of said opening of said street opening as above described to be assessed against the property beneficially affected thereby.

The property which may be injuriously or beneficially affected by the proposed street opening as above described is described as all lots lying North of Kenwood Avenue; east of Kentucky Avenue; south of Vance Avenue and west of Crescent Avenue.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages, except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor shall be as provided for in said above entitled act and all amendments thereto and supplemental thereof.

All of said streets and lots and lands affected by the above described street opening being situated in the Northeast Quarter of Section 36, Township 31 North, Range 12 East, and lying within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Onwers of the adoption of Declaratory Resolution Number 721-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of May and the 5th day of June, 1940, and that Thursday, the 20th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrences against the foregoing resolution, also a date and time when it will consider confirming the same.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer in and along Bright Street from Beadell Street to Taylor Street; also in and along Taylor Street from the Junk Ditch to the alley between Catalpa Street and Lafontain Street; also in and along the alley between Catalpa Street and Lafontain Street from Taylor Street to the south line of Commercial Second Addition; also in and along Culbertson Street from the Junk Ditch to Catalpa Street, as more fully set out in Local Sewer Improvement Resolution Number 496, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 496 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Bright Street from Beadell Street to Taylor Street; also in and along Taylor Street from the Junk Ditch to the alley between Catalpa Street and Lafontain Street; also in and along the alley between Catalpa Street and Lafontain Street from Taylor Street to the south line of Commercial Second Addition; also in and along Culbertson Street from the Junk Ditch to Catalpa Street. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations." approved March 6, 1905, and the provisions of all Acts thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal annual installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 496-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of May and the 5th day of June, 1940, and that Thursday, the 20th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

This being a date and time previously fixed by the Board when it would consider finally awarding the contract for the work to be performed under Street Improvement Resolution Number 3315-1940, which provides for the improving of Packard Avenue from the west property line of Fairfield Avenue to the east property line of Broadway; also a date and time up to which it would receive and consider petitions for material other than that designated by the Board; there was presented a petition for 5 inch Reinforced Concrete Slab, containing 63.9% of the resident property owners affected by this improvement.

After receiving the aforesaid petition, the Board now proceeded to award the said contract as follows:

[illegible]: Asphaltic Concrete Pavement
with Concrete Curb and Gutter.
[illegible]: 5 inch Reinforced Concrete Slab,
with Concrete Curb and Gutter.

The City Engineer now submitted plans for the condemnation of a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 38, 39, 40, 41, 42, 43, 60 and 61 Riverside Second Addition, as more fully set out in Declaratory Resolution Number 722-1940, which plans were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

[illegible] 722-1940

For the condemnation of a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 38, 39, 40, 41, 42, 43, 60 and 61 Riverside Second Addition.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to condemn a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 38, 39, 40, 41, 42, 43, 60 and 61 Riverside Second Addition.

The condemnation of the right-of-way for sewer purposes to be made by condemning for temporary right-of-way the east fifty (50) feet of Lots Numbered 42, 41, 40, 39 and the south half of Lot Number 38 Riverside Second Addition and for a permanent right-of-way the east six (6) feet of Lots Numbered 42, 41, 40, 39 and the south half of Lot Number 38 Riverside Second Addition; also a temporary right-of-way over the west fifty (50) feet of Lots Numbered 43, 60 and 61 Riverside Second Addition and for a permanent right-of-way over the west six (6) feet of Lots Numbered 43, 60 and 61 Riverside Second Addition.

Said temporary right-of-way as above described is to be used only until such work is completed by the City of Fort Wayne, Indiana.

All as shown by a plan of such proposed condemnation of said right of way now on file in the office of the Department of Public Works of said City.

The property which may be injuriously or beneficially affected by the proposed condemnation of said right-of-way is described as Lots Numbered 38, 39, 40, 41, 42, 60 and 61 Riverside Second Addition.

All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said lots and lands affected by the above described right-of-way condemnation being situated in the Southwest Quarter of Section 25, Township 31 North, Range 12 East, and lying within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 722-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 5th and 12th days of June,1940, and that Thursday, the 27th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

The City Engineer now submitted plans, specifications and estimate for the construction of a sewer in and along the easement east of Parnell Avenue from the easement between Northlawn Drive and Ferguson Avenue to a point two hundred ninety-five (295) feet south of the south line of Ferguson Avenue, as more fully set out in Local Sewer Improvement Resolution Number 497-1940, which plans, specifications and estimate were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

LOCAL SEWER IMPROVEMENT RESOLUTION NUMBER 497 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the easement east of Parnell Avenue from the easement between Northlawn Drive and Ferguson Avenue to a point two hundred ninety-five (295) feet south of the south line of Ferguson Avenue. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of materials and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therfor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 497-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 5th and 12th days of June, 1940, and that Thursday, the 27th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 25th day of June, 1940, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted resolutions and also that Thursday, the 27th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3320-1940, which provides for the improving of Springfield Avenue from the east curb line of Parnell Avenue to the west property line of St. Joe River Drive; motion was made, seconded and carried that the confirmation of the aforesaid resolution be TAKEN UNDER ADVISEMENT until Tuesday, the 18th day of June, 1940, at 10:00 o'clock A. M.

The City Engineer submitted primary assessment rolls for the work performed under Improvement Resolutions Numbered:

3304 - which provides for the paving of the first alley south of Hamilton Avenue from Weisser Park Avenue to John Street;

3310 - which provides for the paving of the alley between Arlington Avenue and South Wayne Avenue from the first alley south of Oakdale Drive to Rudisill Boulevard;

motion was made, seconded and carried that the same be and are hereby APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 18th and 19th days of June, 1940, and that Thursday, the 20th day of June, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolutions or against the assessment rolls as approved by the Board and will determine the question as to whether such lots or tracts of land have been, or will be benefited by said improvements in the amounts named on said assessment rolls.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 689-1937, which provides for the condemnation of a right-of-way for sewer, conduit and pole line purposes, across, through and under portions of lots between Kenwood Avenue and the first alley south of Kenwood Avenue from the east line of Parnell Avenue to the west line of Kentucky Avenue; there having been presented certain remonstrances signed by Martin J. C. Werling and Minna S. Werling; W. S. Roebuck and Mary E. Roebuck; Francis P. Sarazen and Josephine M. Ely; after due consideration of the aforesaid remonstrances, there being no further objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carried that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3305 - which provides for the paving of the alley between Sherman Boulevard
and Oakland Street from Fourth Street to Spring Street;
3309 - which provides for the paving of the alley between Archer Avenue and
Greenlawn Avenue from Short Street to Hensch Street;
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The City Engineer now submitted plans, specifications and estimate for the improving of the alley between Warsaw Street and Hanna Street from the south property line of Pontiac Street to the north property line of Leith Street, as more fully set out in Alley Improvement Resolution Number 3326, which plans, specifications and estimate were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3326 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Warsaw Street and Hanna Street from the south property line of Pontiac Street to the north property line of Leith Street by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therfor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3326 - 1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of June and the 6th day of July, 1940, and that Thursday, the 18th day of July, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when it will consider confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Declaratory Resolution Number 722-1940, which provides for the condemnation of a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 38, 39, 40, 41, 42, 43, 60 and 61 Riverside Second Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motio was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare an assessment roll of benefits and damages for the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 497-1940, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along the easement east of Parnell Avenue from the easement between Northlawn Drive and Ferguson Avenue to a point two hundred ninety-five (295) feet south of the south line of Ferguson Avenue; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed or materials to be furnished under Local Sewer Improvement Resolution Number 497-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of June and the 6th day of July, 1940, and that Tuesday, the 16th day of July, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed or materials to be furnished under the aforementioned resolution.

In the matter of Street Improvement Resolution Number 3287-1939, which provides for the improving of Illinois Street and Manufacturers Avenue from the west property line of Perry Avenue to the Junk Ditch, on which bids were received Tuesday, July 18, 1939, at 10:00 o'clock A. M., and TAKEN UNDER ADVISEMENT, motion was made, seconded and carried that the aforesaid bids be REJECTED and that Notice to Contractors be RE-ADVERTISED in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of June and the 6th day of July, 1940, and that Tuesday, the 16th day of July, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3319 - 1940, which provides for the improving of the sidewalk on the north side of Raymond Avenue from Fleetwood Avenue to Holly Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 50% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Alley Improvement Resolution Number 3319-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 29th day of June and the 6th day of July, 1940, and that Tuesday, the 16th day of July, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

A remonstrance against the improving of Cherry Street from the south property line of Main Street to the north property line of Camp Allen Drive, under Street Improvement Resolution Number 3321-1940, was received Thursday, June 27, 1940, at 1:45 P. M. Inasmuch as the time as set by law for receiving remonstrances against the aforesaid Improvement Resolution expired Tuesday, June 25th at 5:00 o'clock P. M., motion was made, seconded and carried that the remonstrance containing but 16 2/3% of the signatures of the resident property owners affected by this improvement be placed on file.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3321-1940, which provides for the improving of Cherry Street from the south property line of Main Street to the north property line of Camp Allen Drive; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Alley Improvement Resolution Number 3321-1940, published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette, on the 29th day of June and the 6th day of July, 1940, and that Tuesday, the 16th day of July, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the work performed under Improvement Resolutions Numbered:

3311 - which provides for the paving of the alley between Butler Street and DeWald Street from Barr Street to the first alley west of Lafayette Street;
3312 - which provides for the paving of the first alley west of Lafayette Street from Butler Street to DeWald Street;
3313 - which provides for the paving of the first alley east of Lafayette Street from DeWald Street to Creighton Avenue;
3314 - which provides for the paving of the alley between Williams Street and Butler Street from Harrison Street to Webster Street;

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under the aforementioned resolutions, which assessment rolls contain a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed and the amount of pro rata assessment of each piece or parcel of ground, which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the improvement for which it is assessed and there appearing no objections or remonstrances of any nature whatsoever, motion was made, seconded and carried that the work performed under the aforementioned improvement resolutions be finally accepted and the assessment rolls CONFIRMED and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

STREET IMPROVEMENT RESOLUTION NUMBER 3327 - 1940.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Greenlawn Avenue from the west property line of Sherman Boulevard to the east property line of Oakland Street by draining, curbing, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of materials and whatever labor is furnished above that furnished by Federal Agencies for said improvement, shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3328 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Rodgers Avenue from Holly Avenue to Fleetwood Avenue, by paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The cost of said improvement, including the cost of street and alley intersections, shall be assessed upon the real estate abutting on said street as above described and upon the City of Fort Wayne, Indiana, if the said city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

SIDEWALK IMPROVEMENT RESOLUTION NUMBER 3329 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on both sides of McCormick Avenue from Holly Avenue to Fleetwood Avenue, by paving with cement to a width of five (5) feet all in accordance with the profile, details, drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The cost of said improvement, including the cost of street and alley intersections, shall be assessed upon the real estate abutting on said street as above described and upon the City of Fort Wayne, Indiana, if the said city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred upon Improvement Resolutions Numbered 3327, 3328 and 3329, are to be paid in ten equal installments, with interest at the rate of five per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the City from the assessments for such improvement, or such moneys as said City is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3327, 3328 and 3329, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal Gazette on the 10th and 17th days of July, 1940, and that Thursday, the 1st day of August, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when the Board will consider confirming the same.

Motion was made, seconded and carried that the following resolution be approved:

A petition, providing for the establishing of street car service on the Pontiac line from Alexander Street to the International Harvester Company on Sundays and holidays as well as on week days, was received. Motion was made, seconded and carried that the same be referred to W. Marshall Dale, President and General Manager Indiana Service Corporation.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Alley Improvement Resolutions Numbered:

3322 - which provides for the improving of the alley between Charlotte Avenue and Curdes Avenue from the east property line of Carew Street to the west property line of Rolston Street;
3323 - which provides for the improving of the alley between Dodge Avenue and Clara Avenue from the east property line of Kentucky Avenue to the west property line of the alley west of Crescent Avenue;
3326 - which provides for the improving of the alley between Warsaw Street and Hanna Street from the south property line of Pontiac Street to the north property line of Leith Street;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3324-1940, which provides for the improving of the alley between Holton Avenue and Reed Street from the north property line of Pontiac Street to the south property line of the first alley south of Fisher Street, there having been presented a remonstrance, motion was made, seconded and carried that the same be referred to the Engineer's office for a check-up; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3325-1940, which provides for the improving of Leroy Avenue from the north property line of Lawndale Drive to the south property line of Kenwood Avenue, there having been presented a petition, requesting the changing of the width of the paving from the width of twenty-six (26) feet to the width of twenty-four (24) feet, motion was made, seconded and carried that the aforesaid resolution be "MODIFIED" to read as follows: "By draining, curbing, grading and paving the roadway to a uniform width of twenty-four (24) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete"; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution, the same being CONFIRMED AS "MODIFIED"; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be CONFIRMED AS "MODIFIED".

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday July 30, 1940, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted Improvement Resolutions Numbered 3322, 3323, 3324, 3325 and 3326-1940, and also that Thursday, the 1st day of August, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Local Sewer Improvement Resolution Number 498-1940, which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, in and along Perth Street from Pontiac Street to the north line of Abbott's Addition; also in and along sewer easement as condemned under Declaratory Resolution Number 723; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to rpoperty liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed and materials to be furnished under Local Sewer Improvement Resolution Number 498-1904, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 20th and 27th days of July, 1940, and that Tuesday, the 13th day of August, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed and materials to be furnished under the aforementioned resolution.

Motion was made, seconded and carried that the contract for the work to be performed under Local Sewer Improvement Resolution Number 497-1940, on which bids were received Tuesday, the 16th day of July, 1940, at 10:00 o'clock A. M., which provides for the furnishing of materials and whatever labor is necessary above that furnished by Federal Agencies for the construction of a sewer in and along the easement east of Parnell Avenue from the easement between Northlawn Drive and Ferguson Avenue to a point two hundred ninety-five (295) feet south of the south line of Ferguson Avenue, be awarded to MILTON F. POPP, Fort Wayne, Indiana, as per item bid, he being the lowest and best bidder.

The Board now upon motion granted the Indiana Service Corporation the right to establish temporary bus service as follows: Proceeding south from the Maumee River Bridge on Anthony Boulevard, to Alliger Street, east on Alliger Street to Fletcher Avenue, north on Fletcher Avenue to Maumee Avenue, Maumee Avenue to Anthony Boulevard to the place of beginning.

Motion was made, seconded and carried that the following Confirmatory Resolution be adopted:

Motion was made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3330 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Warsaw Street and Hanna Street from the south property line of Pontiac Street to the north property line of Leith Street by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3330-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 25th day of July and the 1st day of August, 1940, and that Thursday, the 15th day of August, 194[illegible], at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

The Board then upon motion adjourned.

The Board now received a memorandum dated July 25, 1940, from D. R. Kennicott, Regional Director, P.W.A. of P.W.A. concurrence in the award of A. ARCARI, INC., of the contract for Division "A" Contract No. 21 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, P.W.A. Docket 1081-F, which provides for the construction of the Nelson Street Sewer, Superior - Berry Street Sewers and a special chlorinating exhaust connection.

Motion was made, seconded and carried that the Secretary of the Board of Public Works notify A. ARCARI, INC., of the concurrence of the P.W.A. in the award and to further notify the Contractor to enter into contract with the Board of Public Works and furnish necessary surety bond, also the required number of Insurance Certificates covering Workmen's Compensation, Public Liability and Property Damage, if the same has not already beenfurnished.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of Declaratory Resolution Number 722-1940, which provides for the condemnation of a right-of-way for sewer purposes, across, through and under portions of Lots Numbered 38, 39, 40, 41, 42, 43, 60 and 61 Riverside Second Addition; there being no objections or remonstrances of any nature whatsoever presented in the matter, motion was made, seconded and carrid that the said assessment roll of benefits and damages be FULLY AND FINALLY CONFIRMD and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3327 - which provides for the furnishing of materials and whatever labor is furnished above that furnished by Federal Agencies for the improving of Greenlawn Avenue from the west property line of Sherman Boulevard to the east property line of Oakland Street;
3328 - which provides for the improving of the sidewalk on the north side of Rodgers Avenue from Holly Avenue to Fleetwood Avenue;
3329 - which provides for the improving of both sides of McCormick Avenue from Holly Avenue to Fleetwood Avenue;
after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 13th day of August, 1940, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted resolutions and, also that Thursday, the 15th day of August, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3322-1940, which provides for the improving of the alley between Charlotte Avenue and Curdes Avenue from the east property line of Carew Street to the west property line of Rolston Street, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 46.15% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances in the matter of the confirmation of Alley Improvement Resolution Number 3324-1940, which provides for the improving of the alley between Holton Avenue and Reed Street from the north property line of Pontiac Street to the south property line of the first alley south of Fisher Stree, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 29.16% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original

Motion was then made, seconded and carried that the following resolutions be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3331 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Pontiac Street and Leith Street from the east property line of the alley east of Lafayette Street to the west property line of Warsaw Street by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3332 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Wall Street and Swinney Avenue from the west property line of College Street to the east property line of Nelson Street by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, on Improvement Resolutions Numbered 3331 and 3332 are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3331 and 3332, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 10th and 17th days of August, 1940, and that Thursday, the 29th day of August, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolutions also a date and time when it will consider confirming the same.

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR

THE CLINTON STREET INTERCEPTOR

DIVISION "A" CONTRACT NO. 13

SEWERS AND SEWAGE TREATMENT PLANT PROJECT FORT WAYNE, INDIANA

P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Drainage Contractor's Inc. hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F for the City of Fort Wayne, Indiana and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred (200) consecutive calendar days from and including the date stipulated for start of work (11-29-39) or by the 15th day of June, 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) Contractor encountered an old uncharted nine (9) foot limestone mill tailrace at Duck and Clinton Streets which flooded operations and held up construction about two weeks.

(b) A break in the lower end of the old Superior-Berry Street Interceptor caused the upper end to be filled with sand, debris, and sludge. This delayed the Contractor about fifty-six (56) days inasmuch as extensive pumping and cleaning was necessary before the old sewer could be relined.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 1st day of September, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR THE SEWAGE TREATMENT PLANT

DIVISION "A" CONTRACT NO. 14
SEWERS AND SEWAGE TREATMENT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Charles R. Wermuth and Son, Inc., hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within three hundred (300) consecutive calendar days from and including the date stipulated for start of work (8-10-39) or by the 4th day of June 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remians uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) The driving of concrete piling for two digesters, primary settling tanks, secondary settling tanks and main control building.

(b) Excavation of an additional six (6) inches of soil under all structures caused by ground swell due to the driving of piling.

(c) Additional time needed in fine grading as this work had to be done by hand instead of by machine as originally planned.

(d) The pile driving operations extended from September 5, 1939 to December 15, 1939, thus disrupting entire construction program, necessitating the pouring of concrete and preparation of ground area under winter conditions which retarded progress considerably.

(e) Change Order No. 2 covering construction of a portion of the Harvester Interceptor through the sludge beds carried and extension of time of twenty-one (21) calendar days.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 1st day of October, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to coplete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and John Dehner, Inc., hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within one hundred and seventy-five (175) consecutive calendar days from and including the date stipulated for start of work (12-24-39) or by the 15th day of June 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) The Contractor was delayed from December 24, 1939 to January 15, 1940 pending delivery of materials.

(b) Work was further hampered by the extreme cold weather in January and February, causing ground to freeze to a depth of from two and one-half (2 1/2) feet to three (3) feet.

(c) Construction was held up on fifty (50) per cent of sewer line adjacent to St. Mary's and Maumee Rivers, due to high water level during March and April.

(d) Contractor lost considerable time due to strike called by International Union of Operating Engineers.

(e) Additional time necessary to carry out work under Change Order No. 1.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE ANDIT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the sate for completion of the said contract be changed to the 1st of September, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 13th day of August, 1940.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that the construction of a local sewer, intended and adopted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered commencing at the sewer in the alley between Elm Street and Huron Street at the east property line of Mechanic Street; thence in a southerly direction to the sewer right-of-way as condemned under Declaratory Resolution Number 662; thence south in and along said sewer right-of-way as condemned under Declaratory Resolution Number 662 to a point four hundred (400) feet south of the south property line of Fair Street. Said sewer shall be twelve (12) inches in diameter, and said sewer, with all its appurtenances, shall be constructed in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city.

The cost of mateirals and whatever labor is necessary above that furnished by Federal Agencies for said improvement shall be apportioned against and paid by the property holders whose property abuts thereon, and upon the City of Fort Wayne, Indiana, if the city is benefited by said improvement, all according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments, if deferred, are to be paid in ten equal annual installments with interest at the rate of five per cent per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or beheld responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same,or for the payment of any bond or bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments and supplements thereto.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 21st and 28th days of August, 1940, and that Thursday, the 12th day of September, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when it will consider confirming the same.

Motion was made, seconded and carried that the City Engineer be reinstructed to prepare an assessment roll of benefits and damages for Declaratory Resolution Number 662-1934, (a former assessment roll having been ordered March 1, 1934) for the condemnation of a right-of-way, ten (10) feet in width, for sewer purposes across, through and under portion of lots and lands lying between Mechanic Street and the St. Mary's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street.

The City Engineer submitted an assessment roll of benefits and damages for Declaratory Resolution Number 662-1934, which provides for the condemnation of a right-of-way, ten (10) feet in width for sewer purposes across, through and under portion of lots and lands lying between Mechanic Street and the St. Mary's River from the north line of Huron Street extended west, to a point four hundred (400) feet south of the south property line of Fair Street, motion was made, seconded and carried that the same be and hereby is APPROVED and that Thursday, the 12th day of September, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the confirmation of the said assessment roll and also against the assessment of benefits and damages awarded on the same.

Motion was made, seconded and carried that the plans, specifications and estimate submitted by the Engineering Department of the City Light and Power Works, of the City of Fort Wayne, Indiana, for the furnishing of all labor, tools and materials for the construction of a foundation for a 15,000 KW turbine and auxiliaries, as per Contract No. 16, of Specifications No. 19, dated August 1940, be approved and that Notice to Contractors of the receiving of sealed proposals for the aforementioned improvement at the City Light and Power Works, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 21st and 28th days of August, 1940, and that Tuesday, the 10th day of September, 1940, at 10:00 o'clock A. M., Central Standard Time, be fixed a date and time when the Board will receive and open sealed proposals for the same.

This being a date and time previously fixed by the Board when it would receive sealed proposals for the making of certain improvements, the Board now proceeded to open the same and obtained the following results:

For the improving of the alley between Eckart Street and Drexel Avenue from the east property line of Plaza Drive to the west property line of Alexander Avenue, as more fully set out in Alley Improvement Resolution Number 3335.

Motion was made, seconded and carried that the following resolutions be **adopted:**

STREET IMPROVEMENT RESOLUTION NUMBER 3334 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Hoagland Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace by draining, curbimg, grading and paving the roadway to a uniform width of twenty-six (26) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said street as above described and on property within 150 feet of the line of the street or alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

ALLEY IMPROVEMENT RESOLUTION NUMBER 3335 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Eckart Street and Drexel Avenue from the east property line of Plaza Drive to the west property line of Alexander Avenue by draining, grading and paving the roadway to a uniform width of ten (10) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detailed drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, upon Improvement Resolutions Numbered 3334 and 3335, are to be paid in ten equal installments,with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvements, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolutions Numbered 3334 and 3335, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 31st day of August and the 7th day of September, 1940, and that Thursday, the 19th day of September, 1940, at 7:30 o'clock P. RESOLUTION

AUTHORIZING CONTRACT CHANGE NO. 1

NELSON STREET SEWER, SUPERIOR-BERRY STREET SEWER, AND
SPECIAL CHLORINE EXHAUST CONNECTION
CITY OF FORT WAYNE, INDIANA
DIVISION "A" CONTRACT NO. 21
P.W.A. DOCKET INDIANA 1081-F

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne, State of Indiana hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and A. Arcari, the Contractor for work to be done under the contract for the construction of the Nelson Street Sewer, Superior-Berry Street Sewer and Special Chlorine Exhaust Connection, Division "A" Contract No. 21 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, be changed in the following respects:

(a) Backfill hole above break in the Superior-Berry Street Sewer with bank-run sand or gravel at a unit price of two dollars and fifty cents ($2.50) per cubic yard. With an estimated 650 cubic yards necessary for backfill, this revision will result in an addition of $1,625.00.

(b) Clean an additional seven hundred and fifty-four (754) lineal feet of the 60" Superior-Berry Street Sewer from station 6 + 50 east to the manhole at Coombs Street at a unit price of six dollars ($6.00) per lineal foot. This will result in an addition of four thousand five hundred and twenty-four dollars ($4,524.00).

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $6,149.00 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution was passed on the 12th day of September, 1940.

A. Hachmeier & Son,	19 ft. cut and 15 ft. drive at 1416 Spy Run Avenue.

Motion was made, seconded and carried that the application of Arthur Hachmeier, to construct sidewalk at 1416 Spy Run Avenue, be granted.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against certain improvement resolutions, the Board now proceeded to hold said hearing with the following results:

In the matter of Improvement Resolutions Numbered:

3334 - which provides for the improving of Hoagland Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace;

3335 - which provides for the improving of the alley between Eckart Street and Drexel Avenue from the east property line of Plaza Drive to the west property line of Alexander Avenue;

after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits to property liable to be assessed for said improvements are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolutions as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolutions, motion was made, seconded and carried that the said resolutions be CONFIRMED as in the original.

In accordance with the Street Paving Law, motion was made, seconded and carried that Tuesday, the 1st day of October, 1940, at 5:00 o'clock P. M., be fixed a date and time, after which the Board will receive no further objections or remonstrances against the aforelisted resolution and, also that Thursday, the 3rd day of October, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will consider finally confirming the same.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 3, P.W.A. Docket No. Ind. 1081-F, of the SCHWEGMAN-WITTE COMPANY, Contractor for Division "C" Contract No. 15 of the Sewers and Sewage Treatment Plant Project for the furnishing and installation of the Plumbing and Heating in the Sewage Treatment Plant, in the amount of $7,048.23 be approved and the same ordered paid, less 10 per cent, which amount is $6,343.41.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 9, P.W.A. Docket No. Ind. 1081-F, of the DRAINAGE CONTRACTORS INC., Contractor for Division "A" Contract No. 13, of the Sewers and Sewage Treatment Plant Project for the construction of the Clinton Street Interceptor and Appurtenances in the amount of $30,876.47 be approved and the same ordered paid, less 10 per cent, which amount is $27,788.82.

Motion was made, seconded and carried that Periodical Estimate for Partial Payment No. 5, P.W.A. Docket No. Ind. 1081-F, of HIPSKIND HEATING AND PLUMBING COMPANY, Contractor for Division "A" Contract No. 20, of the Sewers and Sewage Treatment Plant Project for the construction of the Spring Street Section, Nebraska Interceptor and Appurtenances, in the amount of $12,244.10 be approved and the same ordered paid, less 10 per cent, which amount is $11,019.69.

The Board then upon motion adjourned.

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING
THE TIME FOR COMPLETING THE CONTRACT FOR

THE MECHANICAL CLEANING MECHANISMS FOR SECONDARY SETTLING TANKS

DIVISION "B" CONTRACT NO. 6
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the

"Owner", having entered into a contract for the performance of ceratin work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred (200) consecutive calendar days, from and including the date set out in the notice to start work, or by the 9th day of December 1939, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, it was provided in a resolution passed by the "Owner" on the 1st day of May, 1940, (1) that the contractual date for completion of the said contract be extended to the 16th day of June 1940. (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto, and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz. Contractor could not make delivery on the above equipment contract until ordered by the generalcontractor for the Sewage Treatment Plant. An order was given by the general contractor on June 10, 1940 that he would accept delivery of the equipment of this contract after June 15, 1940. In addition to this delay by the general contractor, delivery was held up pending the furnishing of freight cars by the Pennsylvania Railroad.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 27th day of June, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure to the Contractor to complete the work priper thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

Motion was then made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3336 - 1940.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve first alley North of Rudisill Boulevard from the east property line of Gay Street to the west property line of Smith Street by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation, or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond of bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same,or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3336-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 4th and 11th days of October, 1940, and that Thursday, the 24th day of October, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when the Board will consider confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3334-1940, which provides for the improving of Hoagland Avenue from the south property line of Pasadena Drive to the north property line of Sherwood Terrace, there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

This being a date and time previously fixed by the Board when it would hear and consider further objections or remonstrances against Improvement Resolution Number 3335-1940, which provides for the improving of the alley between Eckart Street and Drexel Avenue from the east property line of Plaza Drive to the west property line of Alexander Avenue, there having been presented a remonstrance, which after a check-up was found to contain the signatures of only 42.85% of the resident property owners affected; there being no further objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Improvement Resolutions Numbered 3334 and 3335-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 4th and 11th days of October, 1940, and that Tuesday, the 22nd day of October, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolutions.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of L. W. Dailey Construction Company, signed by the Standard Accident Insurance Company, covering the work to be performed under Improvement Resolution Number 3327-1930, which provides for the improving of Greenlawn Avenue from the west property line of Sherman Boulevard to the east property line of Oakland Street, which was approved by the City Attorney be approved.

Motion was made, seconded and carried that the Contract, Guaranty and Liability Bonds of L. W. DAILEY CONSTRUCTION COMPANY, signed by the Standard Accident Insurance Company, covering the work to be performed under Improvement Resolution Number 3330-1940, which provides for the improving of the alley between Warsaw Street and Hanna Street from the south property line of Pontiac Street to the north property line of Leith Street, which was approved by the City Attorney, be approved.

The Board then upon motion adjourned.

Motion was made, seconded and carried that the following contract be approved and the same ordered sent to the Council for approval at its regular meeting, October 8, 1940:

CONTRACT

THIS AGREEMENT, Made and entered into this 30th day of September, 1940, by and between HAGERMAN CONSTRUCTION COMPANY, a co-partnership, consisting of W. C. HAGERMAN, T. F. HAGERMAN, and W.O.HAGERMAN, party of the first part and the CITY OF FORT WAYNE, a municipal corporation of Allen County, State of Indiana, by and through its BOARD OF PUBLIC WORKS, party of the second part, WITNESSETH:

That the party of the first part convenants and agrees to furnish and pay for all labor, materials, apparatus and tools required for the construction of a foundation for a 15,000 KW turbine and auxiliaries, as specified in Contract 16 of Specification 19, and the proposal of the party of the first part now on file in the office of the Board of Public Works, all of which plans, specifications and proposal are made a part of this contract as if copied herein at full length, for and in consideration of the payment by the party of the second part, City of Fort Wayne, as follows:

EIGHT THOUSAND ONE HUNDRED TWELVE ($8,112.00) DOLLARS.

TERMS OF PAYMENT: A written estimate of the value of the apparatus or material delievered and construction completed may be made by the party of the first part and submitted to the Board of Public Works, party of the second part, on or about the first of each month. The engineers of the party of the second part will check and approve, or check, revise and approve the estimate and their decision in the revision of the estimate will be final. Upon the approval of an estimate by the engineers of the party of the seond part, eighty-five (85) percent of the value of the apparatus or material delivered and work completed, less all previous payments, shall be due and payable to the party of the first part.

The final payment under the within contract, covering the remainder due thereunder, will be due and payable only after the party of the first part shall have fully complied with all of the terms of the contract and after the engineers of the party of the second part have approved the work when completed and after the party of the second part shall have accepted the work.

The party of the first part agrees to complete the contract within eighty (80) calendar days after the approval of the same by the Common Council of the City of Fort Wayne, Indiana. If it should become necessary to extend the time of installation beyond the completion date, it is understood between the parties that such extension of time will not incur any obligation on the part of the party of the second part.

That the said party of the first part agrees to pay and to require of his sub-contractors that they pay wage-rates on the work covered by this contract which shall not be less than the prescribed scale of wages as determined pursuant to the provisions of Chapter 319 of the Acts of the General Assembly of Indiana of 1935, and as stated in Paragraph Number 21, "Rates and Wages," of the specifications on file in the office of the Board of Public Works of the City of Fort Wayne.

This contract, although executed on behalf of the City of Fort Wayne by its Mayor and by the Board of Public Works, shall not be binding or obligatory upon the City unless and until it shall have first been approved by the Common Council of said City, and should the Common Council of the City fail to approve the same within ninety (90) days after the date hereof, this contract shall become and be wholly void.

To each of the conditions and stipulations of this contract, the undersigned, each for himself, binds itself, its successors and assigns.

Motion was then made, seconded and carried that the following resolution be adopted:

ALLEY IMPROVEMENT RESOLUTION NUMBER 3337 - 1940

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Gay Street and Smith Street from the south property line of the first alley south of Hamilton Avenue to the north property line of the first alley north of Rudisill Boulevard by draining, grading and paving the roadway to a uniform width of twelve (12) feet with Sheet Asphalt, Asphalt Block, Vitrified Shale Block, Asphaltic Concrete, upon a six (6) inch American Portland Cement Concrete foundation,or with seven (7) inch reinforced Concrete, or with a plain six (6) inch Concrete pavement all in accordance with the profile, detail drawings and specifications on file in the office of the Department of Public Works of said City; and such improvement is now ordered.

The total cost of said improvement shall be assessed upon the real estate abutting on said alley as above described and on property within 150 feet of the line of the alley to be improved. All according to the method and manner provided for in an Act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all Acts amendatory thereto and supplemental thereof.

Assessments if deferred, are to be paid in ten equal installments, with interest at the rate of five (5) per cent. per annum. A bond or bonds shall be issued to the contractor in payment of such work, unless the property owners pay said assessments before said bond or bonds are issued. Under no circumstances shall the City of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work, or for the collection of the same, or for the payment of any bond, bonds, certificate or certificates, issued to said contractor in payment for such work, except for such moneys as shall have been actually received by the city from the assessments for such improvement, or such moneys as said city is by said above entitled act required to pay. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

Motion was then made, seconded and carried that Notice to Property Owners of the adoption of the foregoing Improvement Resolution Number 3337-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 16th and 23rd days of October, 1940, and that Thursday, the 7th day of November, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution also a date and time when the Board will consider confirming the same.

Motion was made, seconded and carried that the following resolution be adopted:

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR

THE CONSTRUCTION OF THE NELSON STREET SEWER, SUPERIOR-BERRY STREET SEWER AND SPECIAL CHLORINE EXHAUST CONNECTION

DIVISION "A" CONTRACT NO. 21
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and A. Arcari, hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed by the 16th day of September, 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz. The Contractor was ordered to do additional work by reason of Change Order No. 1 as follows:

(a) Cleaning 750 lineal feet of the Superior-Berry Sewer.

(b) Backfilling a hole above the Superior-Berry Sewer of a volume of 650 cubic yards.

The Contractor was also authorized to construct thirty (30) additional lineal feet of 42" corrugated iron culvert pipe in the Superior-Berry Street sewer.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 11th day of November, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 15th day of October, 1940.

Motion was made, seconded and carried that the following resolution be adopted:

LAMP POST DECLARATORY IMPROVEMENT RESOLUTION NO. 70 - 1940

RESOLVED by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve both sides of Washington Boulevard from Harmar Street to Comparet Street, by installing and constructing, complete, a system of ornamental lamp posts, using Fort Wayne Standard design Number 26, to be operated by electricity, all in accordance with the profile, details, drawings and specifications attached hereto and such improvement is now ordered.

The total cost of said improvement, including posts at street intersections shall be assessed upon the real estate abutting on said Washington Boulevard, as above described, all according to the method and manner provided for in an Act "providing for the construction, erection and installation of the street lamps and lamp posts along the curb line of city streets, providing for the operation and maintenance of the same, creating a lien upon the real estate, repealing all laws and parts of laws in conflict herewith and declaring an emergency" approved March 10, 1925, also an Act of the General Assembly of the State of Indiana, approved March 14, 1929, and the provisions of all acts therein referred to, and all acts amendatory thereto or supplemental thereof.

Assessment will become due and payable thirty (30) days after the final acceptance of the work, or property owners, by signing waivers before the expiration of said thirty (30) days, agreeing that in consideration of the privilege of paying in installments, they will make no objections to the illegality or irregularity with regard to the assessment against their property and will pay the same as required by law, with specified interest and filing the same within said time in the office of the Department of Finance, may pay their assessments in ten (10) equal annual installments, the first at the regular tax paying time and the remainder to be paid in nine (9) equal annual installments, with interest at the rate of five (5) per cent per annum from the expiration of said thirty (30) days. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums of money for the work hereunder, on account of the invalidity of the assessments or the proceedings or by reason or absence or want of power and law herein, except for such moneys as shall have been actually received by the City of Fort Wayne from the assessments for such improvement.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Lamp Post Declaratory Improvement Resolution Number 70 - 1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 23rd and 30th days of October, 1940, and that Thursday, the 14th day of November, 1940, at 7:30 o'clock P. Motion was made, seconded and carried that the following resolution be adopted:

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING
THE TIME FOR COMPLETING THE CONTRACT FOR
THE SCREENING AND GRINDING EQUIPMENT
DIVISION "B" CONTRACT NO. 8
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and the Jeffrey Manufacturing Company, hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred (200) consecutive calendar days from and including the date set out in the notice to start work, or by the 9th day of December, 1939, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, it was provided in a resolution passed by the "Owner" on the 1st day of May 1940, (1) that the contractual date for completion of the said contract be extended to the 16th day of June, 1940, (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto, and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz. the completion of this contract was dependent upon the progress of the general contract for the Sewage Treatment Plant, Division "C" Contract No. 14, and delivery could not be made until so ordered by the general contractor of C-14. This order was not given until June 28, 1940. Equipment was then shipped and was received on the site on July 3, 1940. It is apparent that the Jeffrey Manufacturing Company is not responsible for this delay.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 3rd day of July, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

RESOLUTION

AUTHORIZING CONTRACT CHANGE NO. 1
LAKESIDE AND HARVESTER INTERCEPTOR AND
MISCELLANEOUS SEWERS

CITY OF FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F
DIVISION "A" CONTRACT NO. 16

BE IT RESOLVED by the Board of Public Works acting for and in behalf of the City of Fort Wayne State of Indiana hereinafter referred to as the "City", the following:

1. That it is deemed advisable and for the best interest of the said City that the contract between the said City and John Dehner, Inc., the Contractor for work to be done under the contract for Lakeside and Harvester Interceptor and Miscellaneous Sewers, Division "A" Contract No. 16 of the Sewers and Sewage Treatment Plant Project for the City of Fort Wayne, Indiana, be changed in the following respects.

   (a) Relay approximately sixty (60) lineal feet of 18" concrete pipe sewer from Wayne Tank and Pump Company at station 10 * 65 of the Howard Street Interceptor and connect to junction manhole at this point for an additional cost of $501.02.

   (b) Change the line of and shorten length of the 24" Chlorine Exhaust Line one hundred and sisty-two (162) feet including the deletion of two (2) manholes for a credit of $567.72.

(c) Construct a water meter pit and relocate the 6" and 8" private drain lines at the Chlorinator Station on Francis Street as shown on sheet No. 20A for an additional cost of $ 369.84.

(d) Remove and relay approximately 15 lineal feet of 15" V.T. sewer pipe at the intersection of Vance and Crescent Avenues and make two (2) 15" "Y" connections for an additional cost of $101.20.

These four (4) revisions result in a net addition of four hundred and four dollars and thirty-four cents ($404.34).

2. It is hereby determined that all the data necessary to obtain a comprehensive and intelligent bid, which data prepared and assembled by the Engineer are referred herein and made a part hereof, were properly submitted to the Contractor with request that such Contractor submit a proposal to said City covering such proposed change.

3. That the proposal of the Contractor, a copy of which is hereto attached and made a part hereof, to make the said change and accept therefor an addition in the contract price of $404.34 be and the same is hereby accepted in behalf of the said City.

4. That such acceptance of the Contractor's proposal shall be in full force and effect when a certified copy of this resolution is sent to the Contractor by the Engineer of the City and not until then.

This resolution was adopted on the 4th day of November, 1940.

The City Engineer now submitted plans for the vacation of the public community walk as laid out in Driving Park Addition, between Dodge Avenue and Curdes Avenue from the east property line of West Drive to the west property line of Anthony Boulevard, as more fully set out in Declaratory Resolution Number 725-1940, which plans were upon motion approved:

Motion was then made, seconded and carried that the following resolution be adopted:

DECLARATORY RESOLUTION NUMBER 725-1940

For the vacation of the public community walk as laid out in Driving Park Addition, between Dodge Avenue and Curdes Avenue from the east property line of West Drive to the west property line of Anthony Boulevard.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired to vacate the public community walk as laid out in Driving Park Addition, between Dodge Avenue and Curdes Avenue from the east property line of West Drive to the west property line of Anthony Boulevard.

All as shown by a plan of such proposed vacation now on file in the office of the Department of Public Works of said City.

The cost of said vacation as above described shall be assessed against Lots Numbered one hundred two (102), one hundred three (103), one hundred thirty-four (134), one hundred thirty-five (135), one hundred fifty-one (151), one hundred fifty-two (152), one hundred seventy-one (171) and one hundred seventy-two (172) Driving Park Addition, to the City of Fort Wayne, Indiana.

The property which may be injuriously or beneficially affected by the proposed vacation is described as all lots lying north of Dodge Avenue; East of Crescent Avenue; south of the first alley north of Curdes Avenue; and west of the first alley east of Anthony Boulevard.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent. per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds thereof, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said lots affected by the above described vacation being situated within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 725-1940, be published in the Fort Wayne Journal-Gazette and the Fort Wayne News-Sentinel on the 16th and 23rd days of November, 1940, and that Thursday, the 5th day of December, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when the Board will consider confirming the same.

The City Engineer now submitted plans for the vacation of the first alley north of Swinney Avenue from the west line of Broadway to a point sixteen (16) feet east of the west line of Lot Number thirty-two (32) Edsall's Addition; also for the opening of an alley on the west sixteen (16) feet of Lot Number thirty-two (32) Edsall's Addition from the north line of Swinney Avenue to the south line of the first alley north of Swinney Avenue, as more fully set out in Declaratory Resolution Number 726-1940, which plans were upon motion approved:

Motion was made, seconded and carried that the following resolution be adopted:

DECLARATORY RESLUTION NUMBER 726 - 1940

For the vacation of the first alley north of Swinney Avenue from the west line of Broadway to a point sixteen (16) feet east of the west line of Lot Number thirty-two (32) Edsall's Addition; also for the opening of an alley on the west sixteen (16) feet of Lot Number thirty-two (32) Edsall's Addition from the north line of Swinney Avenue to the south line of the first alley north of Swinney Avenue.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the first alley north of Swinney Avenue from the west line of Broadway to a point sixteen (16) feet east of the west line of Lot Number thirty-two (32) Edsall's Addition; also to open an alley on the west sixteen (16) feet of Lot Number thirty-two (32) Edsall's Addition; also to open an alley on the west sixteen (16) feet of Lot Number thirty-two (32) Edsall's Addition from the north line of Swinney Avenue to the south line of the first alley north of Swinney Avenue.

The cost of said vacation and opening as above described shall be assessed against Lot Number thirty-two (32) Edsall's Addition and Lots Numbered four (4) and five (5) General Electric Company Addition to the City of Fort Wayne, Indiana.

The property which may be injuriously or beneficially affected by the proposed alley vacation and alley opening as above described is described as all lots lying north of Swinney Avenue; east of College Street; south of vacated Wall Street and west of Broadway.

The vacation of the first alley north of Swinney Avenue from Broadway to a point sixteen (16) feet east of the west line of Lot Number thirty-two (32) Edsall's Addition shall be subject to the right of the City of Fort Wayne, Indiana, and other public utilities to maintain and repair sewers, drains, water pipes, gas pipes, telephone lines or conduits and electric installations situated upon, over and under said vacated alley.

All according to the method and manner provided for in an act of the General Assembly of the State of Indiana, entitled, "An Act Concerning Municipal Corporations," approved March 6, 1905, and the provisions of all acts amendatory thereto and supplemental thereof, including the right to bond assessments as in said law ordered.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of five (5) per cent. per annum. Under no circumstances shall the City of Fort Wayne, Indiana, be or be held responsible for any sum or sums due from said property owner or owners for said condemnation of property or for the payment of any bond or bonds, certificate or certificates issued in payment for such property damages except for such moneys as shall have been actually received by the City from the assessments for such property damages or such moneys as said City is by said above entitled act required to pay. All proceedings had in the making of said improvement, assessment of property, collection of assessments and issuance of bonds therefor, shall be as provided for in said above entitled act and all amendments thereto and supplements thereof.

All of said lots affected by the above described alley vacation and alley opening being situated within the corporate limits of the City of Fort Wayne, Allen County, Indiana.

Motion was made, seconded and carried that Notice to Property Owners of the adoption of Declaratory Resolution Number 726-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 16th and 23rd days of November, 1940, and that Thursday, the 5th day of December, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the foregoing resolution, also a date and time when the Board will consider confirming the same.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Lamp Post Declaratory Improvement Resolution Number 70 - 1940, which provides for the installing and constructing complete, a system of ornamental lamp posts on both sides of Washington Boulevard from Harmar Street to Comparet Street; after hearing all persons interested who appeared, and being fully advised in the premises, the Board decides that the benefits of property liable to be assessed for said improvement are equal to the estimated cost of the same as reported by the City Civil Engineer, and thereupon takes action on said resolution as originally adopted, the same being confirmed without modification; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED as in the original.

Motion was made, seconded and carried that Notice to Contractors of the work to be performed under Lamp Post Declaratory Resolution Number 70-1940, be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 16th and 23rd days of November, 1940, and that Tuesday, the 10th day of December, 1940, at 10:00 o'clock A. M., be fixed a date and time when the Board will receive and open sealed proposals for the work to be performed under the aforementioned resolution.

Motion was made, seconded and carried that the contract for the sale of certain Junk Copper and Junk Copper and Lead Cable, owned by the Municipal Light and Power Works of the City of Fort Wayne, Indiana, as authorized by General Ordinance of the Common Council of the City of Fort Wayne, No. 1984, on which bids were received Tuesday, the 12th day of November, 1940, at 10:00 o'clock A. M., be awarded as follows:

COPPER	awarded to	CHARLES GAMRATH & SONS,	at	$.10675
BRASS	awarded to	WAYNE IRON & METAL COMPANY,	at	$.0775
COPPER AND LEAD,	awarded to	WAYNE IRON & METAL COMPANY,	at	$.05125

The GENERAL DREDGING COMPANY reported the work completed under Street Improvement Resolution Number 3320-1940, which provides for the improving of St. Joe River Drive from the east curb line of Parnell Avenue to the west property line of St. Joe River Drive; motion was made, seconded and carried that the City Engineer be instructed to prepare a primary assessment roll for the same.

The City Engineer submitted a primary assessment roll for Improvement Resolution Number 3321-1940, which provides for the improving of Cherry Street from the south property line of Main Street to the north property line of Camp Allen Drive; motion was made, seconded and carried that the same be and hereby is APPROVED and that Notice to Property Owners affected thereby be published in the Fort Wayne News-Sentinel and the Fort Wayne Journal-Gazette on the 26th and 27th days of November, 1940, and that Thursday, the 28th day of November, 1940, at 7:30 o'clock P. M., be fixed a date and time when the Board will hear and consider objections or remonstrances against the acceptance of the work performed under the aforementioned resolution or against the assessment roll as approved by the Board and will determine the question as to whether such lots or tracts of land have been or will be benefited by said improvement in the amounts named on said assessment roll.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Improvement Resolution Number 3315-1940, which provides for the furnishing of materials including whatever labor is necessary above that furnished by Federal Agencies for 5 inch reinforced concrete pavement on Packard Avenue from the west property line of Fairfield Avenue to the east property line of Broadway; motion was made, seconded and carried that the confirmation of the aforesaid assessment roll be TAKEN UNDER ADVISEMENT until Tuesday, November 19, 1940, at 10:00 o'clock A. M.

The Board then upon motion adjourned.

DIVISION "B" CONTRACT NO. 11
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Yeomans Brothers Company, hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred (200) consecutive calendar days from and including the date set out in the notice to start work or by the 9th day of December, 1939, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remians uncompleted after the aforesaid date; and

WHEREAS, it was provided in a resolution passed by the "Owner" on the 1st day of May, 1940, (1) that the contractual date for completion of the said contract be extended ot the 16th day of June, 1940, (2) that liquidated damages arising out of the failure of the Contractor to complete the work prior thereto, and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work; and,

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz: The completion of this contract was dependent upon the progress of the General Contract for the Sewage Treatment Plant, Division "C" Contract No. 14. This contract provides that shipment of equipment would be made upon order of the general contractor. Upon receiving this order the Contractor shipped his equipment and it was received on the site on August 26, 1940.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed.

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 26th day of August, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR

THE CLINTON STREET INTERCEPTOR

DIVISION "A" CONTRACT NO. 13

SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Drainage Contractor's Inc. hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F for the City of Fort Wayne, Indiana and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred (200) consecutive calendar days from and including the date stipulated for start of work (11-29-39) or by the 15th day of June, 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) Contractor encountered an old uncharted nine (9) foot limestone mill tailrace at Duck and Clinton Streets whidh clooded operations and held up construction about three weeks.

(b) A break in the lower end of the old Superior-Berry Street Interceptor caused the upper end to be filled with sand, debris, and sludge. This delayed the Contractor about seventy-nine (79) days inasmuch as extensive pumping and cleaning was necessary before the old sewer could be relined.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 23rd day of September, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Schwegman-Witte Company, hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within two hundred and fifty (250) consecutive calendar days from and including the date stipulated for start of work (9-27-39) or by the 2nd day of June 1940, the said Contractor shall pay to the Owner, as liquidated damages, and amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) Completion of this contract was entirely dependent upon the progress of construction of the Sewage Treatment Plant.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 1st day of November, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 3rd day of December, 1940.

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR

THE LAKESIDE, HARVESTER, MISCELLANEOUS SEWERS AND CHLORINATION STATION

DIVISION "A" CONTRACT NO. 16
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and John Dehner, Inc., hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within one hundred and seventy-five (175) consecutive calendar days from and including the date stipulated for start of work (12-24-39) or by the 15th day of June 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) The Contractor was delayed from January 15, 1940 to February 1, 1940 pending delivery of materials.

(b) Work was further hampered by the extreme cold weather in January and February, causing ground to freeze to a depth of from two and one-half (2 1/2) feet to three (3) feet.

(c) Construction was held up on fifty (50) per cent of sewer line adjacent to St. Mary's and Maumee Rivers, due to high water level during March and April.

(d) Contractor lost considerable time due to strike called by International Union of Operating Engineers.

(e) Additional time necessary to carry out work under Change Order No. 1.

(f) It is also to be noted that it was necessary to materially shorten the period of this contract in order to comply with the P.W.A. original completion date of June 16, 1940.

WHEREAS, it appears the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of the said contract be changed to the 1st of September, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordaince with the terms of the contract only form and after the aforesaid extended date for completion of the work.

ATTEST:
SECRETARY

Department of Public Works,
Office of the Board,
Room 101, City Hall,
Fort Wayne, Indiana,
Thursday, December 5, 1940,
Regular Meeting held at 7:30 o'clock P. M.

PRESENT: Robert G. Beams, David Lewis, John H. Johnson,
Charles F. Hess, Secretary.

Motion was made, seconded and carried that the mintues of the Regular Meeting of Thursday, December 3, 1940, stand approved as read.

Motion was made, seconded and carried that the following driveway applications be granted:

George Beuchel, 18 foot cut and 14 foot drive at 2001 Maumee Avenue;
T. J. Hedges, 20 foot cut and 16 foot drive at S.W. corner of Pontiac and Clinton.

A supplementary petition was received, providing for the closing of the walk between West Drive and Anthony Boulevard running east and west and between Dodge Avenue on the south and Curdes on the north, because of the danger to children at the alleys and crossing streets between blocks. Motion was made, seconded and carried that the same be made a matter of record.

This being a date and time perviously fixed by the Board when it would hear and consider objections or remonstrances against Declaratory Resolution Number 725-1940, which provides for the vacation of the public community walk as laid out in Driving Park Addition, between Dodge Avenue and Curdes Avenue from the east property line of West Drive to the west property line of Anthony Boulevard; there having been filed a remonstrance signed by 72 remonstrators, motion was made, seconded and carried that the confirmation of the aforesaid Declaratory Resolution be TAKEN UNDER ADVISEMENT until Tuesday, the 10th day of December, 1940, at 10:00 o'clock A. M.

This being a date and time previously fixed by the Board when it would hear and consider objections or remonstrances against Declaratory Resolution Number 726-1940, which provides for the vacation of the first alley north of Swinney Avenue from the west line of Broadway to a point sixteen (16) feet east of the west line of Lot Number thirty-two (32) Edsall's Addition; also for the opening of an alley on the west sixteen (16) feet of Lot Number thirty-two (32) Edsall's Addition from the north line of Swinney Avenue to the south line of the first alley north of Swinney Avenue; there being no objections or remonstrances of any nature whatsoever presented in the matter of the foregoing resolution, motion was made, seconded and carried that the said resolution be FULLY AND FINALLY CONFIRMED, and that the City Engineer be instructed to prepare an assessment roll of benefits and damages for the same.

Motion was made, seconded and carried that the following Revised Resolution be adopted:

REVISED
RESOLUTION

WAIVING LIQUIDATED DAMAGES AND EXTENDING THE TIME FOR COMPLETING THE CONTRACT FOR THE SEWAGE TREATMENT PLANT

DIVISION "C" CONTRACT NO. 14
SEWERS AND SEWAGE TREATMENT PLANT PROJECT
FORT WAYNE, INDIANA
P.W.A. DOCKET INDIANA 1081-F

WHEREAS, the Board of Public Works, acting for and in behalf of the City of Fort Wayne, State of Indiana, hereinafter referred to as the "Owner", and Charles R. Wermuth and Son, Inc., hereinafter referred to as the "Contractor", having entered into a contract for the performance of certain work in connection with the construction of the Sewers and Sewage Treatment Plant Project, P.W.A. Docket Indiana 1081-F, for the City of Fort Wayne, Indiana; and

WHEREAS, it is provided in the said contract that in the event the said work is not completed within three hundred (300) consecutive calendar days from and including the date stipulated for start of work (8-10-39) or by the 4th day of June 1940, the said Contractor shall pay to the Owner, as liquidated damages, an amount computed on the basis of $25.00 for each calendar day the said work remains uncompleted after the aforesaid date; and

WHEREAS, for the reasons hereinafter enumerated, it has become impossible for the Contractor to perform the said contract within the time specified in said contract; viz.

(a) The driving of concrete piling for two digesters, primary settling tanks, secondary settling tanks and main control building.

(b) Excavation of an additional six (6) inches of soil under all structures caused by ground swell due to the driving of piling.

(c) Additional time needed in fine grading as this work had to be done by hand instead of by machine as originally planned.

(d) The pile driving operations extended from September 5, 1939 to December 15, 1939, thus disrupting entire construction program, necessitating thepouring of concrete and preparation of ground area under winter conditions which retarded progress considerably.

(e) Change Orders Nos. 2 to 8 inclusive caused Contractor to do additional work and additional time was necessary.

WHEREAS, it appears the said the said Contractor is not legally responsible for such delay in the completion of said contract and, accordingly, liquidated damages should not be assessed;

NOW THEREFORE, BE AND IT IS HEREBY RESOLVED by the Board of Public Works of the City of Fort Wayne, State of Indiana: (1) that the date for completion of said contract be changed to the 1st day of November, 1940; (2) that the City of Fort Wayne, State of Indiana, waives any and all claims for liquidated damages arising out of the failure of the Contractor to complete the work prior thereto; and (3) that said contractual provision providing for liquidated damages shall otherwise remain in full force and effect provided, however, that liquidated damages may be hereafter assessed in accordance with the terms of the contract only from and after the aforesaid extended date for completion of the work.

This resolution was passed on the 5th day of December, 1940.
